

Welcome to Homeopathy

Homeopathy, a complete system of healing with its own method of diagnosing and its own special remedies, was discovered by Dr. Samuel Hahnemann over 200 years ago. Homeopathics have no harmful side effects, may be safely used by everyone, including pets, and can be administered for both acute and chronic conditions.

Homeopathics are made from minute amounts of plant, animal and mineral substances prepared by the process of dynamization. Dynamization is a process whereby a minute amount of substance is diluted, to as much as one part per ten billion and beyond, and succussed (vigorously shaken). Scientists have theorized that homeopathy may function similar to the way enzymes or hormones function in the body. Although they are found in similar minuscule amounts, they have very powerful effects.

People are returning to homeopathy because they understand that in order to achieve health, one must discover the root cause of disease and not just treat the symptoms. Many Americans now understand that pharmaceutical drugs often interfere with the body's natural ability to heal itself. Suppressing, or merely removing symptoms, is a temporary solution at best. Addressing the "whole" person naturally is the long-term solution to modern states of disease. Homeopathy does this safely and effectively.

NEWTON complexes are the result of a long evolution in the use of homeopathic remedies in Europe, especially in Belgium, France and Germany. Starting in the mid-1800s, through the beginning of the 20th century, the French homeopaths developed the technique of draining toxins from the body by using a series of drainer remedies. Dr. Luc took this idea and combined it with the concept of complex remedies. The use of just such a complex saved his life. His experience, as a practicing homeopath for more than 40 years, resulted in the development of the wide range of **NEWTON** complexes.

Helpful Hints & Tips

Detox daily!

A daily dose of **NEWTON's Detoxifier** focuses on the liver and excretory systems. A "clean" body will maximize the effectiveness of other remedies, supplements and vitamins.

Wait for it!

Wait 15 minutes between taking homeopathy and eating, drinking or taking drugs, supplements or other natural remedies. This gives the homeopathy time to reach its maximum effectiveness without interference.

Drop it in!

Liquid remedies should be placed directly in the mouth or dropped into a small amount of water. As the remedy contacts the mucous membranes of the mouth, it is absorbed into the body.

Cross it over!

Although **NEWTON** manufactures complexes specifically for Kids and Pets, a condition may arise for which there is no prepared Kids/Pets complex. All products manufactured by **NEWTON** may safely be used for adults, children or pets; adjust the dosage according to directions. If an infant is experiencing eczema, use **NEWTON's Eczema~Skin Care**. If a pet is experiencing constipation, use **NEWTON's Constipation**.

Mix it up!

If an alcohol-free remedy is preferred, place the drops of homeopathy in a small amount of warm water and let stand for 10 minutes to allow the alcohol to evaporate prior to dosing. The FDA mandates that liquid homeopathics contain a preservative; **NEWTON's** choice of preservative is USP gluten-free, non-GMO, organic cane alcohol. **NEWTON's** gluten-free, non-GMO, beet-derived sucrose pellets are another alcohol-free alternative.*

Keep it safe!

NEWTON's amber glass containers (an inert material) protect the homeopathics from light exposure and prevent any interaction with the homeopathics.

*All three complexes contained in the kit are available individually in pellet form at standard pellet prices.

Detoxifier is formulated for liver and kidney functions and for symptoms associated with toxicity such as fatigue, headaches and sluggish elimination.

Detoxifier has been NEWTON's premier and best-selling product for over 20 years. This combination of single remedies focuses on the body's ability to stimulate the excretory organs to better eliminate toxins. Our founder, Dr. Luc Chaltin, developed the technique of "clearing the terrain" to help people who exhibit multiple symptoms that are vague, complicated and difficult to diagnose.

As the terrain is cleared through proper elimination, underlying causes that have been masked by symptoms should become easier to identify. Since the liver rejuvenates during periods of sleep, we suggest taking *Detoxifier* at bedtime. The standard adult dosage is 6 drops taken before bedtime. For sensitive persons, begin with 1 drop taken in the morning and gradually increase to full dosage over a two- to four-week period to avoid a healing aggravation.

A healing aggravation is a harmless and temporary condition during which symptoms can intensify, appear or reappear. The symptoms should be mild and last no longer than a few days. Natural healthcare professionals see this as a positive sign that a healing process has begun. Most people do **not** experience healing aggravations.

Three Keys to Wellness!

Bowel~Digestive Care is formulated for digestive health and for associated symptoms such as weak digestion, burning, bloating, nausea, cramping and pressure.

Taking into consideration the shortage of clean, fresh, live foods in our diet, it is essential that we take control of our digestive health, clear the terrain and allow our bodies to become well-balanced. The standard adult dosage for this formula is 6 drops – 15 minutes before each meal and as needed for acute situations such as indigestion, nausea, vomiting or diarrhea.

Rheumatic~Joint Care is formulated for symptoms associated with uric acid build-up such as joint pain, inflammation and discomfort.

Proper assimilation (transformation of food into tissue) and efficient processing of metabolic toxins (uric acid and other free radicals) are dependent upon a well-balanced body. An out-of-balance body coupled with a diet that may be excessive, too rich or lacking essential nutrients can cause a build-up of toxins resulting in joint pain, inflammation and discomfort. Take control of joint health and clear the terrain for a well-balanced body. The standard adult dosage is 6 drops one to four times daily and as needed for acute situations.
