

## Helpful Hints & Tips

### Detox Daily!

A daily dose of NEWTON homeopathics® **Detoxifier** for symptoms of toxicity may maximize the effectiveness of other remedies, supplements and vitamins.

### Wait for It!

Wait 15 minutes between taking homeopathy and eating, drinking, taking drugs, supplements or other remedies. This keeps anything from interfering with the homeopathics.

### Drop It In!

Liquid remedies should be placed directly in the mouth or dropped into a small amount of water. As the remedy contacts the mucous membranes of the mouth, it is absorbed into the body.

### Cross It Over!

Although NEWTON manufactures complexes specifically for kids and pets, a condition may arise for which there is no Kids/Pets complex. Be assured that all OTC (adult, kids and pets) complexes are manufactured using the same high-quality raw materials and stringent manufacturing controls.

### Mix It Up!

If an alcohol-free remedy is preferred, place the drops of homeopathy in a small amount of warm water and let stand for 10 minutes to allow the alcohol to evaporate prior to dosing. The FDA mandates that liquid homeopathics contain a preservative; NEWTON's choice of preservative is certified gluten-free, non-GMO, organic cane alcohol. NEWTON's certified gluten-free, non-GMO, organic beet-derived sucrose (lactose-free) pellets are another alcohol-free alternative.

### Don't Touch!

Pellet remedies should be taken without being touched. The outermost layer of the pellet contains the active ingredients. Warmth from the human hand and oils from the skin may remove some of the remedy on contact. Dispense into the bottle cap or a spoon and then pour into the mouth.

### Keep It Protected!

Amber glass containers protect the homeopathics from light exposure. Keep out of direct sunlight and away from extreme heat and/or electronics.

## Welcome to Homeopathy

Homeopathy, a complete system of healing with its own method of diagnosing and its own special remedies, was developed by Dr. Samuel Hahnemann over 200 years ago. Homeopathics have no known harmful side effects, may be used by everyone, including pets, and can be administered for both acute and chronic conditions.

Homeopathics are made from small amounts of plant, animal and mineral substances prepared by a process whereby a minute amount of substance is highly diluted and succussed (vigorously shaken). Scientists have theorized that homeopathy may function similar to the way enzymes or hormones function in the body. Although they are found in similar minuscule amounts, they are believed to have very powerful effects.

People are returning to homeopathy because they understand that in order to achieve health, one must discover the root cause of disease and not just treat the symptoms. Many understand that pharmaceutical drugs often interfere with the body's natural ability to heal itself. Suppressing, or merely removing symptoms, is a temporary solution. Addressing the whole person naturally is the long-term solution to modern states of disease. We believe this is the role of homeopathy.

NEWTON homeopathics® are the result of advanced evolution in the use of homeopathic remedies in Europe, especially in Belgium, France and Germany. Starting in the mid-1800s, through the beginning of the 20th century, the French homeopaths developed the technique of draining toxins from the body. Dr. Luc took this idea and combined it with the concept of complex remedies. The use of such a complex saved his life and led to the development of the wide range of NEWTON homeopathics®.

NewtonHomeopathics ~ NewtonHomeopath

NEWTON homeopathics® product uses are based on traditional homeopathic practice. Products/reviews/indications have not been evaluated by the FDA nor for scientific-medical evidence. Product results are not based on randomized, controlled clinical trials (RCTs).

## Natural & Easy to Use

Encouraging Health & Promoting Balance™

Specifically Formulated  
for Pets

[newtonlabs.net](http://newtonlabs.net)  
800.448.7256  
[csr@newtonlabs.net](mailto:csr@newtonlabs.net)

Manufactured in America  
Woman/Veteran-Owned

### **Bladder~Kidney, Pets (P010)**

Formulated for associated symptoms such as frequent urination, irritation and incontinence.

### **Bowel~Digestive Care, Pets (P014)**

Formulated for associated symptoms such as loose stools, constipation, flatulence, vomiting and poor appetite.

### **Cough~Airway, Pets (P019)**

Formulated for symptoms such as coughing, wheezing, congestion and labored breathing.

### **Detoxifier, Pets (P025)**

Formulated for symptoms associated with toxicity such as fatigue and sluggish elimination.

### **Diarrhea~Gas, Pets (P021)**

Formulated for associated symptoms such as loose stools, nausea, bloating, decreased appetite, fatigue, flatulence and offensive odors.

### **Doggy Breath, Pets (P023)**

Formulated for symptoms associated with bad breath resulting from improper diet, indigestion or poor dental hygiene.

### **Ear Care, Pets (P022)**

Formulated for associated symptoms such as discomfort, itching, irritation, inflammation and swelling.

### **Energy~Vitality, Pets (P024)**

Formulated for symptoms associated with illness, lowered vitality and aging such as fatigue, debility, decreased appetite, enlarged glands and stress.

### **Eye Care, Pets (P013)**

Formulated for associated symptoms such as itching, swelling, redness, discharge and excessive tears.

### **Fever~Infection, Pets (P004)**

Formulated for associated symptoms such as chills, discomfort, fatigue and loss of appetite.

### **Inflammation, Pets (P009)**

Formulated for associated symptoms such as swelling, redness, cough, discomfort and increased sensitivity.

### **Injury~Rescue, Pets (P017)**

Formulated for symptoms associated with trauma or medical procedures such as discomfort, inflammation, bruising and swelling.

### **Nervousness~Fear, Pets (P016)**

Formulated for associated symptoms such as aggression, hypersensitivity, tremors, nervous habits, separation anxiety and loss of appetite.

### **Para-Si, Pets (P007)**

Formulated for associated symptoms such as bloating, anal itching, skin eruptions, constipation, diarrhea, vomiting and weight loss.

### **Rheumatic~Joint Care, Pets (P018)**

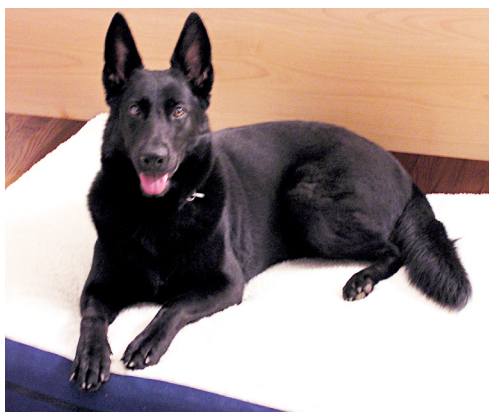

Formulated for associated symptoms such as discomfort, stiffness and swelling.

### **Scot Stopper, Pets (P011)**

Formulated for associated symptoms such as anal itching, inflammation, scratching, gnawing and scooting.

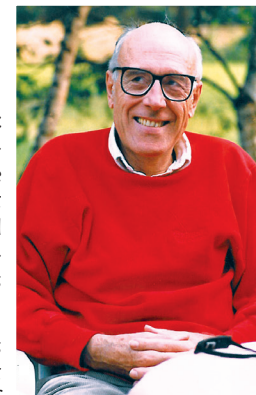

### **Skin Care, Pets (P015)**

Formulated for associated symptoms such as itching, swelling, eruptions, dry skin, hair loss, hot spots and excessive grooming.

**For self-limiting conditions not requiring the guidance of a health professional, NEWTON offers over 100 combination remedies for your entire family and pets.**

## **Our Founder ~ Dr. Luc Chaltin**

In 1965, Belgian-born Luc Chaltin was gravely ill with tuberculosis. He could not tolerate the traditional medical treatment and classical homeopathy could not help him. This life-threatening experience led him on his journey.

As fate would have it, his search led him to a book that explained the importance of liver drainage (detoxification.) Consequently, Dr. Luc began using homeopathic remedies known to cleanse or “drain” the liver of toxins and combined these “drainers” with other homeopathic remedies known to support excretory function. He soon developed a combination formula and labeled it “Drainer.” His condition quickly improved. Within six months, there was no evidence of tuberculosis.

Determined to continue his research and share his discovery with others, Dr. Luc sought additional learning opportunities. He studied pre-med at the Rijksuniversiteits Antwerpen Medical College in Antwerp, Belgium. In addition, he earned a homeopathic diploma from the British Institute of Homeopathy and a degree in Naturopathy. He began to teach homeopathy, lecture, write books and publish articles for scientific journals. During his career, Dr. Luc assisted in the healing of thousands of people throughout the United States, Europe, and the Caribbean.

In 1987, Dr. Luc became a U.S. citizen and founded Newton Laboratories, Inc. He began to manufacture and market “Drainer,” along with other unique formulations he had developed while still living in Belgium. His formulations focus on detoxification while addressing symptoms of acute and chronic illness. All NEWTON homeopathics® continue to be developed using his unique methods.
