

## Our Founder ~ Dr. Luc Chaltin

NEWTON Homeopathics was founded over 35 years ago in Conyers, GA by Dr. Luc Chaltin. Dr. Chaltin first became acquainted with homeopathy while living in Belgium, and later used a newly discovered technique of homeopathic prescribing to cure himself of tuberculosis. His passion was to use this technique to address the escalating incidences of chronic, environmental diseases that were plaguing society. After healing himself of tuberculosis, he went on to develop unique combination formulations utilizing the clinical homeopathy approach to healing.

He immigrated to the United States in 1982 and in 1987 established Newton Laboratories. His focus was on the use of quality raw materials, addressing detoxification through the use of homeopathic remedies and the combining of single remedies into the synergetic combination complexes that are known as NEWTON homeopathics. NEWTON continues these core methodologies today.

## Learn More About Clinical Homeopathy

NEWTON offers several ways to learn about clinical homeopathy. Access us at the links below. Each link provides unique opportunities and resources to help you on your educational journey.

## Helpful Hints & Tips

### Detox Daily!

Consider a daily dose of NEWTON's **Detoxifier**. A "clean" body may maximize the effectiveness of other remedies, supplements, and vitamins.

### Wait for It!

Wait 15 minutes between eating, drinking, or taking prescribed medications, other homeopathic remedies, or supplements.

### Drop It In!

Liquid remedies should be placed directly in the mouth or dropped into a small amount of water. As the remedy contacts the mucous membranes of the mouth, it is absorbed into the body.

### Mix It Up!

If an alcohol-free remedy is preferred, place the drops in a small amount of warm water (approximately 1 tbsp.) and about 90% of the alcohol should evaporate in just a few minutes. The FDA mandates that liquid homeopathics contain a preservative; NEWTON's choice of preservative is USP certified gluten-free, non-GMO, organic cane alcohol. NEWTON's certified gluten-free, non-GMO, organic beet-derived sucrose (lactose-free) pellets are alcohol-free alternative.

**NewtonHomeopathics ~ NewtonHomeopath**

## Welcome to Homeopathy

A complete system of healing with its own method of diagnosing and its own unique remedies was developed by Dr. Samuel Hahnemann over 200 years ago.

Homeopathics are made from minute amounts of plant, animal, and mineral substances. They are prepared by the process of dynamization, whereby a minute amount of substance is diluted, to as much as one part per ten billion and beyond, and succussed (vigorously shaken). Scientists have theorized that homeopathy may function similarly to the way enzymes or hormones function in the body. Although they are found in similar minuscule amounts, they are believed to have very powerful effects.

In order to achieve health, one must discover the root cause of disease and not just treat the symptoms. Many understand that pharmaceutical drugs may cause harmful side effects and often interfere with the body's natural ability to heal itself. Addressing the "whole" person, naturally, is the long-term solution to modern states of disease. We believe homeopathy to be a valuable tool in this process.

-  **Approximately 100 adult doses per bottle**
-  **Hand-succussed and packaged in glass**
-  **No known food, drug or herbal interactions**
-  **No known side effects or physical addiction**
-  **No expiration date**
-  **Certified organic, non-GMO, lactose-free, gluten-free preservative & carriers**
