Our Founder ~ Dr. Luc Chaltin (1923 - 2008)

In 1965, Belgian-born Luc Chaltin was gravely ill with tuberculosis. He could not tolerate the treatment attempted by traditional medical doctors, and a well-respected classical homeopath told him that homeopathy could not cure tuberculosis. This life-threatening experience led him on his journey.

As fate would have it, his search led him to a book that explained the importance of liver drainage, more commonly known as detoxification. He knew he had found his answer. Dr. Luc began using homeopathic remedies known to cleanse or "drain" the liver of toxins. As he continued his quest for health, he began to experiment by combining homeopathic liver "drainers" with homeopathic remedies known to support excretory function. He soon developed a combination formula and labeled it “Drainer.” His condition quickly improved. Within six months, there was no evidence of tuberculosis.

Determined to continue his research and share his discovery with others, Dr. Luc sought additional learning opportunities. He earned a homeopathic diploma from the British Institute of Homeopathy and a degree in Naturopathy. He began to teach homeopathy, lecture, write books and publish articles for scientific journals. He firmly believed in educating others and "paying it forward". During his career in natural health, Dr. Luc assisted in the healing of thousands of people throughout the United States, Europe and the Caribbean.

In 1987, Dr. Luc founded Newton Laboratories, Inc. and began to market an over-the-counter version of his “Drainer” as NEWTON's Detoxifier. He introduced Detoxifier, along with other unique formulations, to health food stores, holistic practitioners and retail customers. His formulations focus on the liver and kidneys while addressing symptoms of acute and chronic illness. The theory of detoxification for overcoming toxic, chronic afflictions remains at the forefront of holistic healing methods today. All NEWTON complexes continue to be developed using his unique methods.

At Amsterdam’s 1992 International Conference on AIDS, one of Dr. Luc’s papers on “auto-immune” diseases was presented by noted scientific author, Christopher Bird. In 1993, Dr. Luc served on a special committee established to review grant applications for the Office of Alternative Medicine at the National Institutes of Health (NIH). He was invited to participate due to his “…knowledge of alternative medicine and [his] ability to bring rigorous scientific standards to the review of these types of applications.”

To aid in the promotion of homeopathy and the education of others, Dr. Luc established The American Academy of Clinical Homeopathy (AACH). Hundreds of health food store personnel and lay people have completed the AACH Certification in Basic Homeopathic Principles, and have gone on to promote healing through clinical homeopathic methods. Today, the AACH has a staff of educators, support personnel and graduates who are embracing and continuing Dr. Luc’s vision for educating the masses in this valuable healing method.

In 2004, at the age of 81, Dr. Luc entrusted the daily operations of NEWTON/AACH to Marge Roberts and a well-trained team of experts. Marge has studied homeopathy in both the US and Sri Lanka, and began studying with Dr. Luc in 1996. With a Bachelor’s Degree in Nursing and a Master’s Degree in the field of Education, Marge and the NEWTON team are committed to continuing the legacy of natural healing and education that Dr. Luc began.
Welcome to Homeopathy

Homeopathy, a complete system of healing with its own method of diagnosing and its own special remedies, was discovered by Dr. Samuel Hahnemann over 200 years ago. Homeopathics have no harmful side effects, may be safely used by everyone, including pets, and can be administered for both acute and chronic conditions.

Homeopathics are made from minute amounts of plant, animal and mineral substances prepared by the process of dynamization. Dynamization is a process whereby a minute amount of substance is diluted, to as much as one part per ten billion and beyond, and succussed (vigorously shaken). Scientists have theorized that homeopathy may function similar to the way enzymes or hormones function in the body. Although they are found in similar miniscule amounts, they have very powerful effects.

According to the World Health Organization (WHO), homeopathy is the second largest medical system for primary health care in the world. It is prevalent and widely accepted in many parts of the world including Europe, where over 100 million people use it on a regular basis. In America, during the early 1900s, the most prestigious medical schools in this country were homeopathic. These medical schools converted to allopathic medicine as fast-acting synthetic drugs were developed. Few knew then of the dangerous side effects inherent in synthetic pharmaceutical drugs.

Today, because of mounting evidence regarding the dangers of drug toxicity and its effects on health, the safety and efficacy of homeopathy is resulting in its wider use and acceptance. There are approximately 6,000 homeopathic practitioners in Germany and 5,000 in France. In Britain, homeopathic hospitals and outpatient clinics are part of the national health system and homeopathy is recognized as a postgraduate specialty by virtue of an act of Parliament. The American Association of Homeopathic Pharmacists has estimated the sales of homeopathic drugs in the United States in 2003 between $300 million and $450 million, with a compound average growth rate of approximately 8% per year.

People are also returning to homeopathy because they understand that in order to achieve health, one must discover the root cause of disease and not just treat the symptoms. Many Americans now understand that pharmaceutical drugs often interfere with the body’s natural ability to heal itself. Suppressing, or merely removing symptoms, is a temporary solution at best. Addressing the “whole” person naturally is the long-term solution to modern states of disease. Homeopathy does this safely and effectively.

NEWTON complexes are the result of a long evolution in the use of homeopathic remedies in Europe, especially in Belgium, France and Germany. Starting in the mid-1800s, through the beginning of the 20th century, the French homeopaths developed the technique of draining toxins from the body by using a series of drainer remedies. Dr. Luc took this idea and combined it with the concept of complex remedies. The use of just such a complex saved his life. His experience, as a practicing homeopath for more than 40 years, resulted in the development of the wide range of NEWTON complexes.
Why Choose NEWTON?

Expertise & Experience
The not-so-secret ingredient that places NEWTON above all others lies in the history and formulation of its complexes by world-renowned authority, Dr. Luc Chaltin. His 40+ years of clinical experience and research made him unparalleled in his ability to develop effective complex remedies. Choosing the most effective blend of remedies among the thousands of potential combinations is an art that comes only with a passion and gift for healing and many years of study and experience. His legacy and expertise continue today through the dedicated and well-trained NEWTON staff.

Quality & Safety
Dr. Luc structured NEWTON Homeopathics around the philosophy of quality. When he built the lab, it was on property where he could drill a well for pure water rather than use city water. NEWTON continues to use this private-well water today which undergoes advanced filtration resulting in purified water. NEWTON uses organic or wild-grown herbal tinctures, certified organic, gluten-free, non-GMO cane alcohol and 100% gluten-free, non-GMO, beet-derived sucrose pellets. NEWTON packages only in glass (excluding large-size veterinarian products) to avoid potential interaction between the homeopathic remedies and plastic. All raw materials and finished products are tested by a FDA-registered independent laboratory according to HPUS (Homeopathic Pharmacopoeia of the United States) guidelines (www.HPUS.com). NEWTON products are handmade by a staff of professionals according to approved homeopathic standards. People, not machines, make NEWTON remedies.

Environmental Awareness
Dr. Luc was an advocate for the environment before NEWTON was established in 1987. In 1972, he wrote the first book in the Dutch language on organic gardening. He also hosted a radio show in his home country of Belgium on organic gardening. NEWTON has recycled and used organic before they were marketing tools. NEWTON was GREEN when green was just a color. NEWTON decreases its impact on the environment through minimal retail packaging which also allows more product choices to be offered on less shelf space. Only biodegradable, recycled or recyclable materials are used in the shipping department. In addition, NEWTON extends its environmental awareness through an in-house recycling program, earth-friendly, toxin-free pest management and full-spectrum lighting. Honoring the energetic component of homeopathy, NEWTON incorporates Feng shui principles throughout its facility.

Variety & Selection
NEWTON manufactures over-the-counter (OTC) and healthcare professionals-only (PRO) single remedies and complexes; most are available in liquid and pellet form. NEWTON offers over 100 OTC complexes and over 80 PRO complexes for adults, children and pets.
Economical & Efficient

Homeopathy is much less expensive than other therapies and pharmaceutical drugs, and is exempt from carrying an expiration date. Because homeopathy is safe, routine laboratory tests are not required (as with many pharmaceuticals) to monitor detrimental effects on the liver, kidneys and blood. Compare labels carefully. Some brands recommend a dosage more than double NEWTON’s standard 3 to 6 drops or pellets dosage. This means that even though NEWTON may be priced higher than a competitor, the product will last much longer if taken as recommended.

Easy to Use

When you consider the hundreds of single remedies available, it can be very confusing knowing where to begin. NEWTON has simplified the process by combining the most appropriate remedies for you. Complexes are named in such a manner that choosing the correct complex is easy. Although liquids are packaged with a glass dropper for ease of administration, plastic droppers and spray tops are also available for a minimal charge. We believe complexes are the quickest, easiest way for comprehensive homeopathic care of conditions.

Customer Support

Although NEWTON is unable to assist in your practice or give medical advice, NEWTON’s support personnel are available to assist with any questions pertaining to NEWTON’s products.

Made in America ~ Family-Owned

NEWTON has been based in the State of Georgia since its inception in 1987. A NEWTON catchphrase is “We imported the homeopath, instead of the homeopathy”. Belgium-born founder, Luc Chaltin, epitomized a hands-on business approach during his lifetime as owner of NEWTON. That philosophy continues as NEWTON remains family-owned with hands-on participation by its principals.
Introduction to NEWTON PRO Complexes

The use of NEWTON PRO complexes is ideal for the healthcare professional who is unable to devote years of study to master the rules of classical homeopathy. In daily practice, approaching a client condition through classical homeopathy may require hours of time that may not be available in most practices.

In European homeopathy (often referred to as clinical homeopathy), this time is greatly reduced. NEWTON PRO formulations are based on this clinical approach which allows you to assist your clients in a shorter period of time, with no decrease in efficacy. Certain formulations are listed as adjunctive complexes meaning that they should be utilized as an adjunct with other healing modalities.

NEWTON PRO homeopathic complexes are natural, safe and easy to use. NEWTON PRO formulations allow any healthcare professional, even those not well-versed in homeopathy, to integrate homeopathics into their daily practice.

Begin with NEWTON PRO Drainer which is formulated for liver, kidney and colon functions allowing the body to naturally restore balance and efficiently eliminate toxins. (For more specific information, see Jump~Start Your Health! on page 12 and 13.) NEWTON believes it should be given to every person as a standard first step. For a general approach, especially when the cause of the problem is unclear or the symptoms are vague, NEWTON PRO Drainer is used to initiate the homeopathic protocol. Your client’s response to NEWTON PRO Drainer, for instance, will provide insight into the real nature of the underlying problem. Often the healthcare professional will find that many symptoms disappear or lessen once the body’s balance and proper elimination are restored. This allows for the more serious symptoms to be clearly defined and a more specific remedy selected. We also recommend the continued use of NEWTON PRO Drainer in conjunction with other NEWTON complexes for the duration of the healing process.

NEWTON PRO Inflammation~Fever complex is recommended where an infection is the suspected cause or when tissues are inflamed. After balance and proper elimination have been restored, any remaining symptoms should become more defined. This will allow for a more accurate and clear diagnosis. If the type of infection has been identified, consider adding the appropriate formulation such as NEWTON PRO Bacterial Infection, Intestinal Bacteria, Fungal Infection or Viral Infection, especially if the infection is believed to be intense or chronic.

If a condition or symptom picture has been identified, the choice of the appropriate homeopathic complex is evident. Again, NEWTON PRO Drainer is given first for the liver, kidney and colon functions. Several approaches may be used to identify the accompanying appropriate complex(es).

Match the complex name to the identified condition, such as NEWTON PRO Gastritis~Ulcer for a client with gastritis and/or a stomach ulcer.

Match the complex name to the identified symptoms, such as NEWTON PRO Gas~Indigestion for a client who complains of gas and/or indigestion.

Match the complex indications to the identified condition or symptoms, such as NEWTON PRO Multi-System Support (Adjunctive complex formulated for symptoms associated with multi-system conditions such as Valley Fever, Gulf War Syndrome and environmental sensitivity.) for a client who is believed to be afflicted with Valley Fever or experiencing environmental sensitivity. Please refer to our handy cross-reference guide on pages 39-40.
Administering NEWTON PRO Complexes

Not all NEWTON PRO complexes are manufactured in liquid and pellet form. Check the current order form or website information for current availability.

Clients administer drops orally directly in the mouth as homeopathics are absorbed through mucous membranes; the number of drops need not be exact. If the alcohol taste is objectionable or for ease of administration, the drops may be diluted in pure water. If an alcohol-free liquid remedy is preferred, have your clients place the drops of homeopathy in a small amount of warm water and let stand for 10 minutes to allow the alcohol to evaporate. The remaining water/remedy mixture may then be placed in the mouth. Metal spoons or drinking containers may interfere with the effectiveness of the homeopathic remedy. In extreme cases where administration by mouth is impossible, dosage may be doubled, diluted with sufficient water and given via colonic irrigation.

Pellets are another alcohol-free alternative or may better suit your client’s needs. Clients dispense pellets into the bottle cap or a spoon and transfer directly into the mouth to dissolve. Pellets should be taken without being touched. The outermost layer of the pellet contains the active ingredients. Under age 2, pellets should be crushed or dissolved in pure water prior to administration. It is not necessary to dissolve the entire pellet as the remedy will transfer to the water from the outer layer and then remaining portion of pellet may be discarded.

Refer to Frequently Asked Questions and Helpful Hints & Tips For Your Clients for related information.

Using Complexes in Acute Conditions

Acute conditions more typically appear in babies, children, adolescents and young adults in good health. These types of conditions are often due to a sudden accumulation of toxins in the body. Acute conditions may appear in the form of the common cold, a simple flu attack occurring periodically, sudden indigestion, occasional diarrhea, or a sudden skin rash or eczema.

When the body’s vitality is strong, the reaction can be forceful. Alarming symptoms such as fever, pain or inflammation accompany these conditions. Fever is the main symptom and is a sign of the body’s healthy response.

Three signs assist with recognition of an acute condition: (1) the person was healthy prior to the attack, (2) the onset of the condition is sudden and (3) the duration of symptoms is short and intense.

NEWTON PRO complexes can be administered for acute situations, which may become balanced in a short period of time. The appropriate complex (e.g. Inflammation~Fever, Cold~Cough, Influenza) is given at the onset of symptoms and repeated several times during the day. A common usage mistake is not repeating the dose consistently and frequently. Even though symptoms may become less defined, the doses should still be continued, although less frequently. Consider continuing the complex for a dose or two after all symptoms have disappeared.

In the case of fever, the dose is repeated more often when the fever is rising, even as often as every 10 to 20 minutes, and then decreased as the fever subsides. Other events such as pain/injury may also dictate frequent dosing.

800.448.7256 ~ 7 ~
Using Complexes in Chronic Conditions

A chronic condition is a situation that has existed for a significant period of time, from several months to many years. In the chronically ill person, several problems may occur simultaneously because several body systems are involved at the same time. A major sign of a chronic condition, even in the absence of pain, is fatigue or lack of energy for no clear reason. This situation can continue for years before any other symptoms appear.

We believe that chronic conditions are a manifestation of an accumulation of toxins not adequately eliminated from the body. As in Chinese medicine, and with a modern understanding of biological functions, the liver is always implicated in chronic conditions. This is why NEWTON PRO Drainer should always be used first, or in conjunction with any other complex.

Digestive problems often accompany chronic conditions. They may be so subtle as to be almost imperceptible, even to the person suffering with them. Key symptoms to watch for are gas, burping and bloating, especially after over-indulging or when eating certain foods. One bowel movement a day, or less, is also a common sign of sluggish digestive and excretory functions, as is being underweight. Chronic digestive problems make a person more tired than would normally be expected, but is often dismissed as being a symptom of everyday life rather than a symptom of a chronic condition. If a person has a very strong digestive system, pain may be the only sign of a chronic condition, as with rheumatism, in which pain is the leading diagnostic symptom.

In persons with strong digestion, the most difficult chronic condition to identify is arteriosclerosis, because there is no sign of impending trouble due to its painless nature, especially at the onset. Here, the only symptoms may be excessive weight, some breathing difficulties or unexplainable tiredness. Arteriosclerosis is dangerous because thrombosis may occur (even in the early stages) and cause heart attacks or strokes. Care should be taken to recommend an appropriate primary care provider in this case. Homeopathy, here, is used as an adjunctive therapy.

In chronic, as well as in acute conditions, accumulated toxins are the underlying cause of the problem. With chronic conditions, the toxins' role is significantly increased because much of the body, especially the connective tissue, is permeated by these toxins. It is a more difficult and longer process for the body to remove toxins from these tissues, because the metabolism has become compromised and weaker than in persons suffering from acute conditions.

Overweight persons store high amounts of toxins in the adipose tissue. Lean persons, on the contrary, store the toxins in the blood. These toxins adversely affect the function of the glands, excretory organs and digestive organs. These toxins also affect enzymes, which underlie all metabolic activities, especially those of digestion. When these enzymes fail to function properly, there is fermentation of food in the intestines which creates inappropriate and excess metabolic by-products. As a consequence, aberrant metabolic activities begin.

An improperly functioning metabolism causes fatigue and introduces more toxins into the system. Because of low enzymatic levels, the liver cannot detoxify the blood and remove metabolic wastes. The blood and tissues then become repositories for even more toxin accumulation, especially excess uric acid which is produced from the metabolism of uric acid and purines. Thus, a chronic condition creates negative feedback mechanisms that grow worse with time.
Excess uric acid accumulation ultimately results in two major conditions: rheumatism-arthritis and arteriosclerosis. The term “rheumatism-arthritis” as used here includes all conditions which cause pain and deformity in the muscles, joints and tendons, such as rheumatism, bursitis, arthritis, disc herniation, decalcification, osteoporosis and polyarthritis. It ranges from simple stiffness or pain in the knee or shoulder, to complete immobility of the damaged joints caused by rheumatoid arthritis. Eventually, the degeneration and demineralization becomes so great that the immune system turns against its own body and destroys the affected tissue (osteoporosis and/or rheumatoid arthritis). Arteriosclerosis starts when excess uric acid attacks the inner wall of the arteries causing inflammation. The body then uses cholesterol and calcium to patch and repair the damaged vessel walls; these repairs become the foci for a buildup of cholesterol that eventually hardens or blocks the arteries.

The homeopathic protocol is geared toward the restoration of balance, so the body can heal and restore vital enzyme function. In addition, vitamins, minerals and trace-minerals, which work in conjunction with the metabolism, should also be incorporated. We suggest that a person battling these chronic conditions follow a diet that is low in protein and without chemical additives to help reduce the intake of toxins.

Consider this approach for rheumatism, arthritis and as an adjunct for arteriosclerosis. We have found that homeopathy is a popular choice for hypertension, weak circulation, arterial blockages, rheumatism and arthritis. The homeopathic protocol for chronic conditions calls for the reduction of pain through the restoration of normal function. NEWTON PRO complexes can be used alone or as an adjunct to other medical therapies. Homeopathy is safe and will not interfere with other medicines or supplements. Certain formulations are listed as adjunctive complex for meaning that they should be utilized as an adjunct to other healing modalities. We believe combining NEWTON PRO Drainer with any other appropriate NEWTON complex(es) can maximize the homeopathic process.

Educate Yourself and Others
Visit www.newtonlabs.net

Increase your homeopathic knowledge through education and understanding. For more detailed information visit www.newtonlabs.net to discover why each individual single remedy has been combined with other single remedies to produce a powerful NEWTON PRO formulation.

According to the Materie Medica the following remedies in Accident~Injury Rescue may be administered for the following conditions:
- Aconitum napellus: Shock; Post-surgical inflammation; Anxiety; Fear
- Arnica montana: Skin, black and blue; Traumatic injuries; Traumatism of grief
- Bellis perennis: Muscular soreness; Injuries to the deeper tissues and to the nerves
- Calendula officinalis: Abrasions; Wounds; Lacerated tissue; Tears; Inflammation; Fright
- Echinacea: Tired feeling; Aching in limbs; Wounds
- Gelsemium sempervirens: Muscles feel bruised; Loss of power of muscular control
- Hamamelis virginiana: Weakness from loss of blood after operations; Helpful with open, painful wounds
- Hydrastis canadensis: Weak muscular power; Dull, heavy, dragging pain and stiffness, particularly across lumbar region

800.448.7256
Using NEWTON PRO Complexes

In acute situations, the choice is simple because there is only one condition (e.g. a cold, flu or fever). NEWTON PRO Inflammation~Fever is not necessary if the flu or cold is accompanied by a low fever. NEWTON PRO Drainer and a specific complex (either Cold~Cough or Influenza in this example) are appropriate to address the symptomology.

The process is more complicated in chronic conditions. Symptoms usually include exhaustion, pain, nervousness and digestive problems. Often the person experiences headaches and irritability and may suffer from hypotension, which accompanies the exhaustion; other symptoms may be present as well. Although it isn't harmful, it is recommended that no more than two additional complexes be used with NEWTON PRO Drainer at the same time. This allows you to maintain an awareness of the healing process.

In establishing a homeopathic protocol, the order of importance of the different ailments must be established; address the most important first. When present, addressing the pain is almost always the highest priority for a suffering person. As pain diminishes, some of the other symptoms may subside as well. Not only will your client feel better, but the body will function better in the next stages of recovery.

For example, if a person is suffering from arthritic pain, low blood pressure and digestive problems, the different symptoms and signs must be prioritized. Since the problems are related, addressing the blood pressure can also address the digestive issues. Likewise, attending to the digestive system can also deal with the low blood pressure. Because the arthritic pain is the most discomfiting symptom, this should be addressed first by utilizing NEWTON PRO Arthritic~Joint Care daily over a long period, probably for several months. NEWTON PRO Drainer is used every evening as it is formulated for liver, kidney and colon functions so the body can naturally restore balance and efficiently eliminate toxins. At the same time, NEWTON PRO Digestive Care is taken when the symptoms of indigestion occur, as well as before meals, for a period of two to three weeks or until the symptoms subside.

The protocol would be as follows:

- Ages 12 and up: prescribe 6 drops or pellets orally;
- Ages 0 to 11: prescribe 3 drops or pellets to be given orally;
  - Under age 2, crush or dissolve pellets in purified water
  - NEWTON PRO Drainer for detoxification at bedtime
  - NEWTON PRO Arthritic~Joint Care for joint health one to four times daily and more frequently as needed
  - NEWTON PRO Digestive Care for digestive balance 15 minutes before meals and as needed

After being on this protocol for a while, your client will probably experience a change in the pattern and symptoms of their condition. Due to this process, the underlying cause should become clearer and its identification should become more accurate. At the next consultation, the symptoms are re-evaluated and the protocol modified accordingly. (For additional information, see Jump~Start Your Health! on page 12 and 13.)
Using NEWTON PRO & Single Remedies

After utilizing NEWTON PRO complexes for a period of time, the healthcare professional will become more familiar with homeopathic usage and it may be appropriate to dispense higher potency single remedies as an adjunct to the complex.

Dr. Samuel Hahnemann taught that a protocol begins with a lower potency and proceeds to a higher one when the remedy exhibits improvement of symptoms. In common conditions, where the symptoms are less complex, the 10x or 15x potency is often sufficient. In chronic cases, it may be helpful to use higher potency single remedies in conjunction with the use of NEWTON PRO complexes.

Higher potencies are believed to have greater stimulatory effects. When a fever accompanies a condition, consider adding NEWTON PRO Inflammation~Fever. If the fever stabilizes, but does not decrease, additional higher potency liver remedies such as Nux vomica, Bryonia or Chelidonium majus in 15x or 30c potency may be necessary to achieve the proper stimulatory effect.

In chronic conditions, if a person’s recovery is progressing too slowly, a higher potency dose of a single remedy may be helpful. Often, a higher potency of Bryonia or Nux vomica can increase the stimulatory effects allowing the body to naturally restore balance and efficiently eliminate toxins. To use a higher potency for symptoms of the condition, the Law of Similars determines the proper single remedy choice. Utilizing an individual component of the NEWTON PRO formulation your client is already taking is another excellent way to find the right single remedy. When there is a change in the symptoms, select a higher potency single remedy by using the Law of Similars with the help of a Materia Medica and a Repertory, such as Boericke’s Pocket Manual.

Use high potency single remedies only when the lower potencies have been effective, but have not brought total resolution, otherwise a healing response or aggravation may result. Although a healing aggravation is a sign that the remedy is stimulating and the person is responding, it may be an unpleasant experience. Usually this happens when toxins are released faster than the body can eliminate them. It may lead a client to refuse further homeopathic treatment. Often, symptoms may get worse before they get better when the body is healing. Educating your clients about the way the body heals itself is very important to effective homeopathic care.

NEWTON offers a variety of higher potency single remedies (15x, 30x, 30c and 200c) in liquid and pellet form. However, each individual single remedy may not be available in all potencies and packagings. It is important to remember that a higher potency does not mean the effect will be stronger. The result depends on the right choice of remedy and the condition of your client. Monitoring the development of symptoms is the best method to determine whether to use a higher potency. When your patient begins to improve at first, but fails to completely recover, utilizing a higher potency of the same remedy or one of the more indicated remedies within a complex is often all that is necessary. Request our complete list of Single Remedies available (OTC and PRO).

For additional information, refer to Want to Know More? on the inside back cover of this guide.
Multiple symptoms, but not sure where to start?

Begin with NEWTON’s *Jump~Start Your Health!* Clear the path for the body to heal naturally through detoxification, digestive balance and joint health.

As a world leader in clinical homeopathy, NEWTON realizes that addressing multiple symptoms with single remedies can be challenging.

*Jump~Start Your Health!*, a unique trio of combination remedies formulated for balance and wellness, will help simplify the process.

*Three Keys to Wellness!*
**PRO Drainer** is formulated for liver, kidney and colon functions and for symptoms associated with toxic conditions.

**PRO Drainer** has been **NEWTON**'s premier and best-selling **PRO** product for over 20 years. This combination of single remedies focuses on the body’s ability to stimulate the excretory organs to better eliminate toxins. Our founder, Dr. Luc Chaltin, developed the technique of “clearing the terrain” to help people who exhibit multiple symptoms that are vague, complicated and difficult to diagnose.

As the terrain is cleared through proper elimination, underlying causes that have been masked by symptoms should become easier to identify. Since the liver rejuvenates during periods of sleep, we suggest taking **PRO Drainer** at bedtime. The standard adult dosage is 6 drops taken before bedtime. For sensitive persons, begin with 1 drop taken in the morning and gradually increase to full dosage over a two- to four-week period to avoid a healing aggravation.

A healing aggravation is a harmless and temporary condition during which symptoms can intensify, appear or reappear. The symptoms should be mild and last no longer than a few days. Natural healthcare professionals see this as a positive sign that a healing process has begun. Most people do not experience healing aggravations.

**PRO Digestive Care** is formulated for digestive health and for symptoms associated with IBS, GERD, 'leaky gut' syndrome, dyspepsia and other GI conditions.

Taking into consideration the shortage of clean, fresh, live foods in our diet, it is essential that we take control of our digestive health, clear the terrain and allow our bodies to become well-balanced. The standard adult dosage for this formula is 6 drops – 15 minutes before each meal and as needed for acute situations such as indigestion, nausea, vomiting or diarrhea.

**PRO Arthritic-Joint Care** is formulated for symptoms associated with arthritis, uric acid build-up, fibromyalgia, gout, rheumatism and other inflammatory conditions.

Proper assimilation (transformation of food into tissue) and efficient processing of metabolic toxins (uric acid and other free radicals) are dependent upon a well-balanced body. An out-of-balance body coupled with a diet that may be excessive, too rich or lacking essential nutrients can cause a build-up of toxins resulting in joint pain, inflammation and discomfort. Take control of joint health and clear the terrain for a well-balanced body. The standard adult dosage is 6 drops one to four times daily and as needed for acute situations.
Acne~Cystic Acne (R035)

Formulated for symptoms associated with acne and other skin conditions such as boils, pimples, pustules and sebaceous cysts.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Antimonium crudum 15x, Arsenicum album 15x, Aurum metallicum 15x, Berberis aquifolium 15x, Bovista 15x, Carbo vegetabilis 15x, Causticum 15x, Chelidonium majus 15x, Dulcamara 15x, Graphites 15x, Hepar sulphuris calcareum 15x, Hydrocotyle asiatica 15x, Kali bromatum 15x, Kali iodatum 15x, Ledum palustre 15x, Lycopodium clavatum 15x, Nux vomica 15x, Silicea 15x, Sulphur iodatum 15x, Zincum metallicum 15x, Echinacea 3x, Juglans regia 3x, Lappa major 3x, Taraxacum officinale 3x.

Appetite~Craving Control (R069)

Formulated for symptoms associated with compromised glucose metabolism such as overeating, cravings, fatigue and emotional discomfort.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional.

**Active Ingredients:** Anacardium orientale 20x, Antimonium crudum 20x, Argentum nitricum 20x, Berberis vulgaris 20x, Bryonia 20x, Chelidonium majus 20x, Digitalis purpurea 20x, Graphites 20x, Humulus lupulus 20x, Iris versicolor 20x, Kali carbonicum 20x, Lycopodium clavatum 20x, Natrum carbonicum 20x, Natrum sulphuricum 20x, Nux vomica 20x, Pulsatilla 20x, Rhus toxicodendron 20x, Scutellaria lateriflora 20x, Sepia 20x, Stramonium 20x, Chamomilla 8x, Passiflora incarnata 8x, Valeriana officinalis 8x, Chamomilla 3x, Passiflora incarnata 3x, Valeriana officinalis 3x.

Arthritic~Joint Care (R016)

Formulated for symptoms associated with arthritis, uric acid build-up, fibromyalgia, gout, rheumatism and other inflammatory conditions. See Jump~Start Your Health! on page 10 for more detailed information regarding the benefits of this complex.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Aconitum napellus 15x, Apis mellifica 15x, Arnica montana 15x, Arsenicum album 15x, Belladonna 15x, Benzoicum acidum 15x, Bryonia 15x, Calcarea carbonica 15x, Chamomilla 15x, Cinchona officinalis 15x, Colchicum autumnale 15x, Eupatorium perfoliatum 15x, Gauhteria procumbens 15x, Guaiacum 15x, Iodium 15x, Kali bichromicum 15x, Kalma latifolia 15x, Ledum palustre 15x, Pulsatilla 15x, Rhus toxicodendron 15x, Ruta graveolens 15x, Sabina 15x, Strychninum 15x, Uricum acidum 15x, Lappa major 3x, Phytolacca decandra 3x, Symphytum officinale 3x.
**Bacterial Infection** *(R076)*

Adjunctive complex formulated for symptoms related to bacterial infections such as fever, chills, fatigue, swollen glands, pain, weakness and loss of appetite.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Anthracinum 30x, Pyrogenium 30x, Aconitum napellus 15x, Arnica montana 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Bryonia 15x, Hydrastis canadensis 15x, Iodium 15x, Lachesis mutus 15x, Nux vomica 15x, Phosphorus 15x, Pulsatilla 15x, Rhus toxicodendron 15x, Echinacea 3x, Hydrastis canadensis 3x, Iris versicolor 3x, Urtica urens 3x.

**Bladder~Kidney** *(R034)*

Formulated for symptoms associated with urinary tract infections, renal lithiasis and other kidney or bladder dysfunction.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Apis mellifica 20x, Berberis vulgaris 20x, Bryonia 20x, Cantharis 20x, Cinchona officinalis 20x, Equisetum hyemale 20x, Ferrum phosphoricum 20x, Gelsemium sempervirens 20x, Juniperus communis 20x, Pareira brava 20x, Phosphorus 20x, Plantago major 20x, Pulsatilla 20x, Sabal serrulata 20x, Terebinthina 20x, Uva-ursi 20x, Echinacea 8x, Hydrastis canadensis 8x, Lappa major 8x, Solidago virginica 8x, Echinacea 3x, Hydrastis canadensis 3x, Lappa major 3x, Solidago virginica 3x.

**Breast Care~Fibrocystic** *(R054)*

Formulated for symptoms associated with fibrocystic breasts, mastitis, post-partum and breast-feeding disorders and other related breast conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets orally one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Bufo rana 15x, Apis mellifica 10x, Asterias rubens 10x, Belladonna 10x, Bryonia 10x, Calcarea carbonica 10x, Chamomilla 10x, Chimaphila umbellata 10x, Cinchona officinalis 10x, Conium maculatum 10x, Croton tiglium 10x, Echinacea 10x, Graphites 10x, Helonias dioica 10x, Lachesis mutus 10x, Mercurius vivus 10x, Phellandrium aquaticum 10x, Phosphorus 10x, Phytolacca decandra 10x, Pulsatilla 10x, Sanguinaria canadensis 10x, Silicea 10x, Hamamelis virginiana 3x, Phytolacca decandra 3x, Ruta graveolens 3x, Taraxacum officinale 3x.

**Bronchitis~Asthma** *(R004)*

Formulated for symptoms associated with bronchitis, pneumonia, asthma, croup and other respiratory system conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Influenzinum 30x, Antimonium tartaricum 15x, Arsenicum album 15x, Bryonia 15x, Camphora 15x, Chelidonium majus 15x, Cinchona officinalis 15x, Drosera 15x, Eucalyptus globulus 15x, Hepar sulphuris calcareum 15x, Histaminum hydrochloricum 15x, Ipecacuanha 15x, Kali bichromicum 15x, Kali carbonicum 15x, Kali iodatum 15x, Lycopodium clavatum 15x, Myrrha 15x, Natrum sulphuricum 15x, Nux vomica 15x, Phosphorus 15x, Pulsatilla 15x, Sanguinaria canadensis 15x, Spongia tosta 15x, Stannum metallicum 15x, Tussilago farfara 15x, Verbascum thapsus 15x, Echinacea 3x, Lappa major 3x, Rumex crispus 3x.
**Candidiasis~Yeast (RO43)**

Formulated for symptoms associated with vaginal yeast infections, oral thrush, esophageal candidiasis, and other yeast or fungal overgrowth conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Adrenalinum 20x, Candida albicans 20x, Thyroidinum 20x, Torula cerevisiae 20x, Triticum repens 20x, Ustilago maidis 20x, Antimonium crudum 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Berberis aquilinus 15x, Bryonia 15x, Calcarea phosphorica 15x, Cinchona officinalis 15x, Helonias dioica 15x, Hydrastis canadensis 15x, Iodium 15x, Iris versicolor 15x, Kali carbonicum 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Mercurius vivus 15x, Natrum carbonicum 15x, Natrum phosphoricum 15x, Nitricum acidum 15x, Phosphorus 15x, Podophyllum peltatum 15x, Pulsatilla 15x, Sepia 15x, Echinacea 8x, Ginkgo biloba 8x, Juglans regia 8x, Lappa major 8x, Thuja occidentalis 8x, Echinacea 3x, Ginkgo biloba 3x, Juglans regia 3x, Lappa major 3x, Thuja occidentalis 3x.

**Cardiac Support (RO30)**

Adjunctive complex formulated for symptoms associated with arteriosclerosis, tachycardia, arrhythmias, palpitations and other heart-related conditions.

**Directions:** Adults, take 6 drops or pellets orally one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Elaps corallinus 30x, Aconitum napellus 10x, Arsenicum album 10x, Aurum metallicum 10x, Baryta carbonica 10x, Benzoicum acidum 10x, Berberis vulgaris 10x, Calcarea fluorica 10x, Cantharis 10x, Ceanothus americanus 10x, Chelidonium majus 10x, Chimonanthus virginica 10x, Cinchona officinalis 10x, Convallaria majalis 10x, Crotonis hordidus 10x, Digitalis purpurea 10x, Gelsemium sempervirens 10x, Glonoinum 10x, Hydrofluoricum acidum 10x, Kali iodatum 10x, Lachesis mutus 10x, Lycopodium virginiicum 10x, Naja tripudians 10x, Nux vomica 10x, Phosphorus 10x, Pulsatilla 10x, Rhus toxicodendron 10x, Vipera berus 10x, Echinacea 3x, Hypericum perforatum 3x, Valeriana officinalis 3x.

**Cataracts (R105)**

Adjunctive complex formulated for symptoms associated with cataracts such as blurred vision, photophobia, diplopia and opacities.

**Directions:** Ages 12 and up, take 6 drops or pellets orally one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Arsenicum album 15x, Bryonia 15x, Calcarea fluorica 15x, Calcarea phosphorica 15x, Calcarea sulphurica 15x, Causticum 15x, Conium maculatum 15x, Euphrasia officinalis 15x, Hydrofluoricum acidum 15x, Iodium 15x, Ledum palustre 15x, Naphthalinum 15x, Natrum muriaticum 15x, Nux vomica 15x, Phosphorus 15x, Pulsatilla 15x, Sepia 15x, Silicea 15x, Tellurium metallicum 15x, Thiosinaminum 15x, Zincum metallicum 15x, Euphrasia officinalis 3x.

**Cell Salts (R114)**

Formulated for mineral balance utilizing all 12 tissue salts.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Calcarea fluorica 15x, Calcarea phosphorica 15x, Calcarea sulphurica 15x, Ferrum phosphoricum 15x, Kali muriaticum 15x, Kali carbonicum 15x, Kali sulphuricum 15x, Magnesia phosphorica 15x, Natrum muriaticum 15x, Natrum phosphoricum 15x, Natrum sulphuricum 15x, Silicea 15x.
**Childbirth Support (R106)**

Formulated for emotional and physical symptoms during final stages of pregnancy, labor and delivery.

**Directions:** Ages 12 and up, take 3 to 6 pellets orally three times daily or as directed by a healthcare professional. Do not eat or drink 30 minutes before or after administration. **Warning:** To be used at or after 36 weeks of pregnancy.

**Active Ingredients:** Arnica montana 15x, Caulophyllum thalictroides 15x, Cimicifuga racemosa 15x, Gelsemium sempervirens 15x, Pulsatilla 15x.

**Cold~Cough (R011)**

Formulated for coughs associated with tonsillitis, allergies, sinusitis, bronchitis, croup, colds and other respiratory conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Influenzinum 35x, Aralia quinquefolia 20x, Arsenicum album 20x, Bryonia 20x, Euphrasia officinalis 20x, Gauithera procumbens 20x, Gelsemium sempervirens 20x, Hepar sulphuris calcareum 20x, Histaminum hydrochloricum 20x, Hepar sulphuris calcareum 20x, Kali bichromicum 20x, Mercurius vivus 20x, Phosphorus 20x, Pulsatilla 20x, Rhus toxicodendron 20x, Sabadilla 20x, Salvia officinalis 20x, Sticta pulmonaria 20x, Verbascum thapsus 20x, Echinacea 8x, Hydrastis canadensis 8x, Echinacea 3x, Hydrastis canadensis 3x.

**Connective Tissue (R083)**

Adjunctive complex formulated for symptoms associated with lupus, rheumatoid arthritis, fibromyalgia, neuralgia, scleroderma and other immune-related conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 6 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Arsenicum album 15x, Baptisia tinctoria 15x, Berberis aquifolium 15x, Calcarea fluorica 15x, Capsicum annuum 15x, Cinchona officinalis 15x, Iodium 15x, Kali carbonicum 15x, Lachesis mutus 15x, Magnesia carbonica 15x, Mercurius vivus 15x, Natrum carbonicum 15x, Natrum muriaticum 15x, Natrum sulphuricum 15x, Phosphorus 15x, Podophyllum peltatum 15x, Secale cornutum 15x, Thyroidinum 15x, Verbascum thapsus 15x, Cardus marianus 3x, Echinacea 3x, Solidago virgaurea 3x, Taraxacum officinale 3x.

**Constipation (R014)**

Formulated for symptoms associated with acute or chronic constipation due to conditions such as poor diet, pregnancy, inactivity and rectal weakness.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Abies nigra 20x, Aesculus hippocastanum 20x, Aloe socotrina 20x, Alumina 20x, Bryonia 20x, Carbo vegetabilis 20x, Chelidonium majus 20x, Collinsonia canadensis 20x, Graphites 20x, Hydrastis canadensis 20x, Kali carbonicum 20x, Lycopodium clavatum 20x, Magnesia muriatica 20x, Mezereum 20x, Nux vomica 20x, Podophyllum peltatum 20x, Rhamnus purshiana 20x, Sanguinaria 20x, Selenium metallicum 20x, Sepia 20x, Silicea 20x, Tabacum 20x, Veratum album 20x, Zincum metallicum 20x, Echinacea 8x, Iris versicolor 8x, Phytolacca decandra 8x, Taraxacum officinale 8x, Echinacea 3x, Iris versicolor 3x, Phytolacca decandra 3x, Taraxacum officinale 3x.

800.448.7256 ~ 17 ~
**Dairy~Grain~Nightshades (R087)**

Formulated for symptoms associated with respiratory, gastro-intestinal, integumentary or vascular systems.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Allersodes 60x, Allersodes 15x, Lycopersicum esculentum 15x, Saccharum lactis 15x, Solanum tuberosum 15x, Torula cerevisiae 15x, Ustilago maidis 15x, Antimonium crudum 10x, Argentum nitricum 10x, Arsenicum album 10x, Baptisia tinctoria 10x, Bryonia 10x, Carduus benedictus 10x, Cinchona officinalis 10x, Gelsemium sempervirens 10x, Ipomoea hederacea 10x, Lachesis mutus 10x, Lycopodium clavatum 10x, Natrum muriaticum 10x, Phosphorus 10x, Podophyllum peltatum 10x, Pulsatilla 10x, Rhus toxicodendron 10x, Sepia 10x, Trifolium repens 10x, Verbascum thapsus 10x, Iris versicolor 3x, Solidago virgaurea 3x.

**Depression~Mood Support (R084)**

Formulated for associated symptoms such as grief, despondency, difficult concentration, irritability, oversensitivity and prolonged sadness.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water. **Warning:** If symptoms worsen or persist, especially if suicidal thoughts are present, consult a licensed healthcare professional.

**Active Ingredients:** Angelica sinensis radix 15x, Aralia quinquefolia 15x, Argentum nitricum 15x, Arsenicum album 15x, Berberis aquifolium 15x, Capsicum annuum 15x, Cinchona officinalis 15x, Digitalis purpurea 15x, Gelsemium sempervirens 15x, Hypericum perforatum 15x, Ignatia amara 15x, Iodium 15x, Kali bichromicum 15x, Magnesia phosphorica 15x, Natrum muriaticum 15x, Phosphorus 15x, Salix nigra 15x, Sanguinaria canadensis 15x, Sepia 15x, Stramonium 15x, Echinacea 8x, Ginkgo biloba 8x, Echinacea 3x, Ginkgo biloba 3x.

**Diabetes (R015)**

Adjunctive complex formulated for symptoms associated with pancreatic dysfunction such as excessive thirst or hunger, polyuria, neuralgia and slow-healing wounds.

**Directions:** Ages 12 and up, take 6 drops or pellets one to four times daily prior to eating or as directed by a healthcare professional.

**Active Ingredients:** Argentum metallicum 15x, Arsenicum album 15x, Aurum metallicum 15x, Bovista lycoperdon 15x, Bryonia 15x, Chelidonium majus 15x, Chionanthus virginica 15x, Gaultheria procumbens 15x, Helonias dioica 15x, Iris versicolor 15x, Lycopodium clavatum 15x, Nux vomica 15x, Phosphorus 15x, Rhus toxicodendron 15x, Sabal serrulata 15x, Syzygium jambolanum 15x, Cynara scolymus 3x, Echinacea 3x, Iris versicolor 3x, Thuja occidentalis 3x, Urtica urens 3x.

**Digestive Care (R056)**

Formulated for digestive health and for symptoms associated with IBS, GERD, 'leaky gut' syndrome, dyspepsia and other GI conditions. See **Jump~Start Your Health!** on page 10 for more detailed information regarding the benefits of this complex.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) 15 minutes before meals or as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Antimonium crudum 15x, Argentum nitricum 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Bismuthum metallicum 15x, Bryonia 15x, Chamomilla 15x, Cinchona officinalis 15x, Iris versicolor 15x, Kali bichromicum 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Magnesia carbonica 15x, Nux vomica 15x, Phosphorus 15x, Podophyllum peltatum 15x, Pulsatilla 15x, Raphanus sativus 15x, Rhus toxicodendron 15x, Tabacum 15x, Verbascum thapsus 15x, Zingiber officinale 15x, Echinacea 3x, Juglans regia 3x.

www.newtonlabs.net
**Dizziness~Vertigo (R055)**

Formulated for symptoms associated with vertigo such as dizziness, disequilibrium, presyncope, nausea and sensations of motion, spinning or floating.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional.

**Active Ingredients:** Absinthium 20x, Aconitum napellus 20x, Antimonium tartaricum 20x, Belladonna 20x, Bryonia 20x, Carbolicum acidum 20x, Colchicum autumnale 20x, Conium maculatum 20x, Ferrum metallicum 20x, Gelsemium sempervirens 20x, Glonoinum 20x, Hyoscyamus niger 20x, Ipecacuanha 20x, Iris versicolor 20x, Lycopodium clavatum 20x, Nux vomica 20x, Petroleum 20x, Phosphorus 20x, Sepia 20x, Symphytum officinale 20x, Tabacum 20x, Zingiber officinale 20x, Echinacea 8x, Hypericum perforatum 8x, Passiflora incarnata 8x, Valeriana officinalis 8x, Echinacea 3x, Hypericum perforatum 3x, Passiflora incarnata 3x, Valeriana officinalis 3x.

**Drainer (R001)**

Formulated for liver, kidney and colon functions and for symptoms associated with toxic conditions. For more specific information on detoxification, see *Jump~Start Your Health!* on page 10.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) at bedtime or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Benzoicum acidum 15x, Berberis vulgaris 15x, Bryonia 15x, Carthamus 15x, Carduus benedictus 15x, Ceanothus americanus 15x, Chelidonium majus 15x, Chionanthus virginicus 15x, Cinchona officinalis 15x, Dioscorea villosa 15x, Dolichos pruriens 15x, Iris versicolor 15x, Juniperus communis 15x, Nux vomica 15x, Ptelea trifoliata 15x, Taraxacum officinale 15x, Urtica acidum 15x, Carduus marianus 3x, Cynara scolymus 3x, Solidago virgaurea 3x, Taraxacum officinale 3x.

**Dust~Mold~Dander (R088)**

Formulated for associated symptoms such as nasal catarrh, post-nasal drip, sneezing, glandular swellings and pharyngitis.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Allersodes 65x, Allersodes 20x, Candida albicans 20x, Histaminum hydrochloricum 20x, Torula cerevisiae 20x, Ustilago maidis 20x, Antimonium crudum 15x, Apis mellifica 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Blatta orientalis 15x, Bromium 15x, Bryonia 15x, Carduus benedictus 15x, Chelidonium majus 15x, Cinchona officinalis 15x, Ipecacuanha 15x, Lycopodium clavatum 15x, Nux vomica 15x, Podophyllum peltatum 15x, Rhus toxicodendron 15x, Silicea 15x, Iris versicolor 8x, Solidago virgaurea 8x, Iris versicolor 3x, Solidago virgaurea 3x.

**Ear Care (R009)**

Formulated for symptoms associated with Meniere’s disease, mastoiditis, otitis, otorrhea and other related ear conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Influenzinum 30x, Tellurium metallicum 15x, Apis mellifica 10x, Arsenicum album 10x, Belladonna 10x, Bryonia 10x, Capsicum annuum 10x, Causticum 10x, Cinchona officinalis 10x, Conium maculatum 10x, Dulcamara 10x, Ferrum phosphoricum 10x, Hepar sulphuris calcareum 10x, Kali sulphuricum 10x, Lycopodium clavatum 10x, Mercurius vivus 10x, Mezereum 10x, Phosphorus 10x, Plantago major 10x, Pulsatilla 10x, Silicea 10x, Verbascum thapsus 10x, Echinacea 3x, Hydrastis canadensis 3x.
**Eczema~Skin Care (R002)**

Formulated for symptoms associated with seborrhea, eczema, psoriasis, cellulitis, dermatitis, lichen planus and other skin-related conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Antimonium crudum 20x, Arsenicum album 20x, Berberis vulgaris 20x, Bovista 20x, Bryonia 20x, Cantharis 20x, Chelidonium majus 20x, Croton tiglium 20x, Dulcamara 20x, Graphites 20x, Hepar sulphuris calcarea 20x, Lycopodium clavatum 20x, Mezereum 20x, Nux vomica 20x, Petroleum 20x, Pulex irritans 20x, Pulsatilla 20x, Rhus toxicodendron 20x, Sarsaparilla 20x, Sepia 20x, Sulphur iodatum 20x, Echinacea 8x, Rumex crispus 8x, Taraxacum officinale 8x, Urtica uren 8x, Echinaeae 3x, Rumex crispus 3x, Taraxacum officinale 3x, Urtica uren 3x.

---

**Edema (R072)**

Formulated for symptoms associated with generalized or peripheral edema due to injury or various health conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Elaps corallinus 35x, Apis mellifica 15x, Arsenicum album 15x, Cinchona officinalis 15x, Colchicum autumnale 15x, Convallaria majalis 15x, Crotaulus horridus 15x, Digitalis purpurea 15x, Juniperus communis 15x, Lachesis mutus 15x, Mercurius vivus 15x, Naja tripudians 15x, Natrum carbonicum 15x, Natrum sulphuricum 15x, Rhus toxicodendron 15x, Sambucus nigra 15x, Strophanthus hispidus 15x, Thuja occidentalis 15x, Vipera berus 15x, Echinacea 8x, Lappa major 8x, Solidago virgaurea 8x, Taraxacum officinale 8x, Urtica uren 8x, Echinacea 3x, Lappa major 3x, Solidago virgaurea 3x, Taraxacum officinale 3x, Urtica uren 3x.

---

**Endometriosis (R047)**

Adjunctive complex formulated for associated symptoms such as menorrhagia, dysmenorrhea, dyspareunia and infertility.

**Directions:** Ages 12 and up, take 6 drops or pellets one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Arsenicum album 10x, Bryonia 10x, Cimicifuga racemosa 10x, Cinchona officinalis 10x, Conium maculatum 10x, Hydrastis canadensis 10x, Iodium 10x, Lachesis mutus 10x, Lilium tigrinum 10x, Lycopodium clavatum 10x, Phosphorus 10x, Pulsatilla 10x, Rhus toxicodendron 10x, Sabina 10x, Secale cornutum 10x, Sepia 10x, Apis mellifica 3x, Hamamelis virginiana 3x, Hydrastis canadensis 3x.

---

**Exhaustion~Chronic Fatigue (R077)**

Formulated for symptoms associated with severe fatigue, Epstein-Barr, Chronic Fatigue Syndrome, adrenal exhaustion and other related conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional.

**Active Ingredients:** Aconitum napellus 20x, Adrenalinum 20x, Aralia quinquefolia 20x, Arnica montana 20x, Arsenicum album 20x, Baptisia tinctoria 20x, Bryonia 20x, Cantharis 20x, Chelidonium majus 20x, Cinchona officinalis 20x, Iodium 20x, Kali carbonicum 20x, Kali iodatum 20x, Lachesis mutus 20x, Lycopodium clavatum 20x, Lycopus virginicus 20x, Natrum muriaticum 20x, Nux vomica 20x, Phosphorus 20x, Pulsatilla 20x, Rhus toxicodendron 20x, Sabal serrulata 20x, Thyroidinum 20x, Echinacea 8x, Gingko biloba 8x, Phytolacca decandra 8x, Echinacea 3x, Gingko biloba 3x, Phytolacca decandra 3x.

~ 20 ~ www.newtonlabs.net
Eye Floaters (R109)

Adjunctive complex formulated for associated symptoms such as dark or grey specks and strings or cobwebs of material floating within the field of vision.

Directions: Ages 12 and up, take 6 drops or pellets one to four times daily or as directed by a healthcare professional. Warning: If an increase in floaters is accompanied by flashes of light or loss of peripheral vision, see an eye specialist immediately.

Active Ingredients: Aloe socotrina 15x, Carbo vegetabilis 15x, Causticum 15x, Chelidonium majus 15x, Cholesterinum 15x, Cinchona officinalis 15x, Colchicum autumnale 15x, Cyclamen europaeum 15x, Gelsemium sempervirens 15x, Kali carbonicum 15x, Mercurius vivus 15x, Phosphorus 15x, Physostigma venenomus 15x, Prunus spinosa 15x, Senega officinalis 15x, Sepia 15x, Sulphur 15x, Tabacum 15x, Euphrasia officinalis 3x.

Fear~Phobia (R119)

Formulated for symptoms associated with fears and phobias such as agoraphobia, acrophobia, aviophobia, claustrophobia and stage fright.

Directions: Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

Active Ingredients: Aconitum napellus 20x, Anacardium orientale 20x, Argentum nitricum 20x, Arsenicum album 20x, Cypripedium pubescens 20x, Gelsemium sempervirens 20x, Ignatia amara 20x, Kali carbuncicum 20x, Lycopodium clavatum 20x, Natrum muriaticum 20x, Phosphorus 20x, Sambucus nigra 20x, Sepia 20x, Staphysagria 20x, Stramonium 20x, Tarentula hispana 20x, Theridion 20x, Passiflora incarnata 8x, Valeriana officinalis 8x, Passiflora incarnata 3x, Valeriana officinalis 3x.

Female Fibroids (R107)

Formulated for symptoms associated with non-malignant uterine or ovarian fibroids, ovarian or vaginal cysts and uterine polyps.

Directions: Ages 12 and up, take 6 drops or pellets one to four times daily or as directed by a healthcare professional.

Active Ingredients: Arsenicum album 15x, Calcarea iodata 15x, Carbo animalis 15x, Conium maculatum 15x, Graphites 15x, Hydrastis canadensis 15x, Iodium 15x, Kreosotum 15x, Lachesis mutus 15x, Phosphorus 15x, Sabina 15x, Secale cornutum 15x, Sepia 15x, Silicea 15x, Thlaspi bursa-pastoris 15x, Thuja occidentalis 15x, Thyroidinum 15x, Trillium pendulum 15x, Ustilago maidis 15x, Hydrastis canadensis 3x, Thuja occidentalis 3x.

Food Allergy~Additive (R085)

Formulated for symptoms associated with respiratory, gastro-intestinal, integumentary or vascular systems.

Directions: Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

Active Ingredients: Allersodes 60x, Allersodes 15x, Histaminum hydrochloricum 15x, Lycopersicum esculentum 15x, Saccharinum 15x, Saccharum lactis 15x, Solarium tuberosum 15x, Torula cerevisiae 15x, Ustilago maidis 15x, Aconitum napellus 10x, Antimonium crudum 10x, Arsenicum album 10x, Baptisia tinctoria 10x, Cinchona officinalis 10x, Gelsemium sempervirens 10x, Ipecacuanha 10x, Lachesis mutus 10x, Ledum palustre 10x, Lycopodium clavatum 10x, Natrum muriaticum 10x, Phosphorus 10x, Podophyllum peltatum 10x, Pulsatilla 10x, Rhus toxicodendron 10x, Sepia 10x, Sulphur 10x, Urtica urens 10x, Iris versicolor 3x, Solidago virgaurea 3x.
**Fungal Infection** (R123)

Formulated for symptoms associated with tinea versicolor, tinea corporis, tinea cruris, tinea pedis, onychomycosis and other fungal infections.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Candida albicans 20x, Sanicula 20x, Tellurium metallicum 20x, Torula cerevisiae 20x, Antimonium crudum 15x, Arsenicum album 15x, Baryta carbonica 15x, Bryonia 15x, Calcarea carbonica 15x, Carbo vegetabilis 15x, Cuprum metallicum 15x, Dulcamara 15x, Graphites 15x, Kali carbonicum 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Mezereum 15x, Nitricum acidum 15x, Phosphorus 15x, Phytolacca decandra 15x, Sepia 15x, Silica 15x, Sulphur 15x, Sulphuricum acidum 15x, Zincum metallicum 15x, Apis mellifica 8x, Phytolacca decandra 8x, Thuja occidentalis 8x, Apis mellifica 3x, Phytolacca decandra 3x, Thuja occidentalis 3x.

**Gas~Indigestion** (R020)

Formulated for symptoms associated with dyspepsia such as bloating, nausea, eructations and pain or burning sensation in the upper abdomen.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Pyrogenium 30x, Antimonium crudum 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Bryonia 15x, Carbo vegetabilis 15x, Chelidonium majus 15x, Cinchona officinalis 15x, Colchicum autumnale 15x, Daphne indica 15x, Ipecacuanha 15x, Iris versicolor 15x, Kali carbonicum 15x, Kreosotum 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Magnesia carbonica 15x, Mercurius vivus 15x, Nux vomica 15x, Phosphorus 15x, Pulsatilla 15x, Spigelia anthelmia 15x, Sulphur 15x, Chamomilla 3x, Echinacea 3x, Iris versicolor 3x, Ruta graveolens 3x, Taraxacum officinale 3x.

**Gastritis~Ulcer** (R066)

Formulated for symptoms associated with gastritis and duodenal, esophageal or stomach ulcers.

**Directions:** Ages 12 and up, take 6 drops or pellets one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Antimonium crudum 15x, Argentum nitricum 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Bismuthum metallicum 15x, Bryonia 15x, Cinchona officinalis 15x, Colocynthis 15x, Graphites 15x, Hepar sulphuris calcarea 15x, Hydrastis canadensis 15x, Ipecacuanha 15x, Kali bichromicum 15x, Kali carbonicum 15x, Lycopodium clavatum 15x, Magnesia carbonica 15x, Magnesia phosphorica 15x, Nux vomica 15x, Phosphorus 15x, Podophyllum peltatum 15x, Pulsatilla 15x, Zingiber officinale 15x, Chamomilla 3x, Echinacea 3x, Iris versicolor 3x, Ruta graveolens 3x, Taraxacum officinale 3x.

**Glaucoma** (R101)

Adjunctive complex formulated for associated symptoms such as increased intraocular pressure, swelling of eyes, atrophy of optic nerve and narrow field of vision.

**Directions:** Adults, take 6 drops or pellets one to four times daily or as directed by your health professional. **Warning:** Continue to monitor intraocular pressure. Uncontrolled glaucoma can result in blindness.

**Active Ingredients:** Aconitum napellus 15x, Aurum metallicum 15x, Belladonna 15x, Causticum 15x, Cinchona officinalis 15x, Colchicum autumnale 15x, Euphrasia officinalis 15x, Gelsemium sempervirens 15x, Nux vomica 15x, Osmium metallicum 15x, Phosphorus 15x, Physostigma venenosum 15x, Rhus toxicodendron 15x, Spigelia anthelmia 15x, Euphrasia officinalis 3x.
**Hay Fever (R017)**

Formulated for associated symptoms of late Summer and Fall pollens such as nasal catarrh, post-nasal drip, sneezing, glandular swellings and pharyngitis.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Xerophyllum asphodeloides 30x, Alfalfa 15x, Allersodes 15x, Allium cepa 15x, Ambrosia artemisiaefolia 15x, Ammonium carbonicum 15x, Aralia racemosa 15x, Arsenicum album 15x, Artemisia vulgaris 15x, Bellis perennis 15x, Berberis vulgaris 15x, Bryonia 15x, Chelidonium majus 15x, Eupatorium perfoliatum 15x, Euphorbia officinalis 15x, Gelsemium sempervirens 15x, Hepar sulphuris calcareum 15x, Histaminum hydrochloricum 15x, Kali bichromicum 15x, Kali iodatum 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Natrum muriaticum 15x, Sabadilla 15x, Solidago virgaurea 15x, Trillium pendulum 15x, Ustilago maidis 15x,Apis mellifica 3x, Echinacea 3x, Hydrastis canadensis 3x, Taraxacum officinale 3x.

**Headache~Migraine (R023)**

Formulated for associated symptoms such as throbbing pain, pressure, congestion, dizziness, nausea and light sensitivity.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Elaps corallinus 30x, Arsenicum album 15x, Belladonna 15x, Bryonia 15x, Carduus benedictus 15x, Cimicifuga racemosa 15x, Coffea cruda 15x, Convallaria majalis 15x, Crotalus horridus 15x, Digitalis purpurea 15x, Gelsemium sempervirens 15x, Glonoinum 15x, Ignatia amara 15x, Lachesis mutus 15x, Mercurius vivus 15x, Naja tripudians 15x, Nux vomica 15x, Phosphorus 15x, Rhus toxicodendron 15x, Sanguinaria canadensis 15x, Secale cornutum 15x, Vipera berus 15x, Apis mellifica 3x, Hypericum perforatum 3x, Thuja occidentalis 3x.

**Heavy Metal~Amalgam Detox (R081)**

Formulated for symptoms of heavy metal and amalgam exposure such as fatigue, headaches, compromised immunity and sluggish elimination.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Allium sativum 20x, Aluminium metallicum 20x, Argentum metallicum 20x, Aurum metallicum 20x, Baryta carbonica 20x, Beryllium metallicum 20x, Bismuthum metallicum 20x, Cadmium metallicum 20x, Calcarea fluorica 20x, Carbo vegetabilis 20x, Chelidonium majus 20x, Cinchona officinalis 20x, Cobaltum metallicum 20x, Cuprum metallicum 20x, Glycyrrhiza glabra 20x, Hydrofluoricum acidum 20x, Iris versicolor 20x, Magnesium metallicum 20x, Mercurius vivus 20x, Niccolum metallicum 20x, Osmium metallicum 20x, Platinum metallicum 20x, Plumbum metallicum 20x, Stannum metallicum 20x, Strontium carbonicum 20x, Thallium metallicum 20x, Titanium metallicum 20x, Carduus marianus 8x, Iris versicolor 8x, Taraxacum officinale 8x, Carduus marianus 3x, Iris versicolor 3x, Taraxacum officinale 3x.

**Hemorrhoids (R024)**

Formulated for associated symptoms such as enlarged or bleeding hemorrhoidal veins, itching, inflammation, burning pain and pressure.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Elaps corallinus 35x, Aesculus hippocastanum 20x, Aloes socotrina 20x, Arsenicum album 20x, Bryonia 20x, Calcarea fluorica 20x, Capsicum annuum 20x, Collinsonia canadensis 20x, Crotalus horridus 20x, Hamamelis virginiana 20x, Hydrofluoricum acidum 20x, Hypericum perforatum 20x, Lachesis mutus 20x, Lycopodium clavatum 20x, Millefolium 20x, Naja tripudians 20x, Nux vomica 20x, Paeonia officinalis 20x, Plantago major 20x, Quercus glandiflora spiritus 20x, Ratanhia 20x, Vipera berus 20x, Aesculus hippocastanum 8x, Echinacea 8x, Solidago virgaurea 8x, Urtica urens 8x, Aesculus hippocastanum 3x, Echinacea 3x, Solidago virgaurea 3x, Urtica urens 3x.

800.448.7256 ~ 23 ~
**Herpes Sores (R027)**

Formulated for associated symptoms of Herpes Simplex and Herpes Zoster such as itching, tingling, crusting and painful skin eruptions or ulcerations.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Arsenicum album 15x, Bryonia 15x, Cantharis 15x, Chelidonium majus 15x, Cistus canadensis 15x, Conium maculatum 15x, Croton tiglium 15x, Dulcamara 15x, Graphites 15x, Kali bichromicum 15x, Lycopodium clavatum 15x, Mezereum 15x, Nux vomica 15x, Petroleum 15x, Pulsatilla 15x, Ranunculus bulbosus 15x, Rhus toxicodendron 15x, Sarsaparilla 15x, Sepia 15x, Sulphur 15x, Thuja occidentalis 15x, Echinacea 8x, Hypericum perforatum 8x, Echinacea 3x, Hypericum perforatum 3x.

**Hyperactivity~Mental Focus (R071)**

Formulated for emotional balance, mental focus and for symptoms associated with adult attention-deficit and hyperactivity disorders.

**Directions:** Ages 12 and up, take 6 drops or pellets orally one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Adrenalinum 20x, Tarentula cubensis 20x, Aconitum napellus 15x, Argentum nitricum 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Chamomilla 15x, Cypripedium pubescens 15x, Digitalis purpurea 15x, Gelsemium sempervirens 15x, Humulus lupulus 15x, Ignatia amara 15x, Impatiens glandulifera flos 15x, Iodium 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Natrum muriaticum 15x, Nux vomica 15x, Scutellaria lateriflora 15x, Staphysagria 15x, Stramonium 15x, Theridion 15x, Echinacea 8x, Gingko biloba 8x, Hypericum perforatum 8x, Passiflora incarnata 8x, Echinacea 3x, Gingko biloba 3x, Hypericum perforatum 3x, Passiflora incarnata 3x.

**Hypertension (R013)**

Adjunctive complex formulated for symptoms including headache, elevated B/P readings, tinnitus, anxiety, depression, sweating, pallor and nausea.

**Directions:** Age 12 and up, take 6 drops or pellets orally one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Elaps corallinus 30x, Adrenalinum 15x, Arsenicum iodatum 15x, Aurum metallicum 15x, Baryta carbonica 15x, Bryonia 15x, Cactus grandiflorus 15x, Chelidonium majus 15x, Cinchona officinalis 15x, Crotalus horridus 15x, Digitalis purpurea 15x, Glonoinum 15x, Kali carbonicum 15x, Kali iodatum 15x, Lachesis mutus 15x, Naja tripudians 15x, Nux vomica 15x, Veratrum album 15x, Vipera berus 15x, Viscum album 15x, Ruta graveolens 3x, Valeriana officinalis 3x.

**Hypoglycemia (R057)**

Adjunctive complex formulated for symptoms associated with blood sugar imbalance such as anxiety, trembling, palpitations, fatigue, irritability, headache and cravings.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Adrenalinum 15x, Argentum nitricum 15x, Arsenicum album 15x, Bryonia 15x, Cinchona officinalis 15x, Graphites 15x, Iodium 15x, Iris versicolor 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Natrum muriaticum 15x, Phosphorus 15x, Phytolacca decandra 15x, Sulphur 15x, Thyroidinum 15x.
**Incontinence (R068)**

Formulated for symptoms associated with various types of incontinence such as stress incontinence, urge incontinence and overflow incontinence.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Aloe socotrina 20x, Argentum nitricum 20x, Arsenicum album 20x, Belladonna 20x, Benzoicum acidum 20x, Bryonia 20x, Cantharis 20x, Causticum 20x, Equisetum hyemale 20x, Ferrum metallicum 20x, Gelsemium sempervirens 20x, Ignatia amara 20x, Kali phosphoricum 20x, Lycopodium clavatum 20x, Natrum muriaticum 20x, Nitricum acidum 20x, Plantago major 20x, Pulsatilla 20x, Rhus aromatica 20x, Sabal serrulata 20x, Secale cornutum 20x, Sepia 20x, Staphysagria 20x, Stramonium 20x, Thyroidinum 20x, Verbasca thapsus 20x, Echinacea 8x, Hydrastis canadensis 8x, Echinacea 3x, Hydrastis canadensis 3x.

---

**Inflammation~Fever (R052)**

Formulated for symptoms associated with abscesses, ulcerations, cellulitis, sepsis, fever and other inflammatory and infectious processes.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Anthracinum 35x, Pyrogenium 35x, Aconitum napellus 20x, Aloe socotrina 20x, Apis mellifica 20x, Arnica montana 20x, Arsenicum album 20x, Baptisia tinctoria 20x, Belladonna 20x, Bryonia 20x, Cantharis 20x, Chelidonium majus 20x, Crotonis horridus 20x, Ferrum phosphoricum 20x, Gualtheria procumbens 20x, Hepar sulphuris calcareum 20x, Iodium 20x, Ipecacuanha 15x, Kali carbonicum 15x, Lachesis mutus 20x, Nux vomica 20x, Phosphorus 20x, Pulsatilla 20x, Rhus toxicodendron 20x, Veratrum viride 20x, Verbasca thapsus 20x, Apis mellifica 8x, Echinacea 8x, Apis mellifica 3x, Echinacea 3x.

---

**Influenza (R006)**

Formulated for symptoms associated with colds and flu such as aches, discomfort, fatigue, respiratory dysfunction and digestive upset.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Influenzinum (combo) 35x, Histaminum hydrochloricum 20x, Aconitum napellus 15x, Aralia quinquefolia 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Bryonia 15x, Cinchona officinalis 15x, Eupatorium perfoliatum 15x, Gelsemium sempervirens 15x, Ipecacuanha 15x, Kali carbonicum 15x, Nux vomica 15x, Phosphorus 15x, Rhus toxicodendron 15x, Echinacea 8x, Echinacea 3x.

---

**Injury~Rescue (R053)**

Formulated for symptoms associated with injury, trauma or surgery such as pain, shock, emotional upset, bruising and inflammation.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Aconitum napellus 20x, Arnica montana 20x, Bellis perennis 20x, Calendula officinalis 20x, Echinacea 20x, Gelsemium sempervirens 20x, Hamamelis virginiana 20x, Hypericum perforatum 20x, Ledum palustre 20x, Phosphorus 20x, Rhus toxicodendron 20x, Ruta graveolens 20x, Symphytum officinale 20x, Echinacea 8x, Hydrastis canadensis 8x, Hypericum perforatum 8x, Symphytum officinale 8x, Echinacea 3x, Hydrastis canadensis 3x, Hypericum perforatum 3x, Symphytum officinale 3x.

---

**800.448.7256 ~ 25 ~**
**Insect Bites (R038)**

Formulated for symptoms associated with bites and stings such as pain, burning, itching and swelling.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Pyrogenium 30x, Apis mellifica 15x, Aranea diadema 15x, Arnica montana 15x, Arsenicum album 15x, Azadirachta indica 15x, Bryonia 15x, Caladium seguinum 15x, Calendula officinalis 15x, Formica rufa 15x, Grindelia 15x, Hypericum perforatum 15x, Lachesis mutus 15x, Latrodectus mactans 15x, Ledum palustre 15x, Mezereum 15x, Nux vomica 15x, Pulex irritans 15x, Rhus toxicodendron 15x, Tarentula cubensis 15x, Tarentula hispana 15x, Theridion 15x, Thuja occidentalis 15x, Vespa crabro 15x, Echinacea 3x, Hamamelis virginiana 3x, Solidago virgaurea 3x.

**Insomnia (R003)**

Formulated for associated symptoms such as the inability to fall asleep as well as return to sleep after waking, frequent waking and restlessness.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one hour before bedtime, and then again at bedtime. Repeat as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Absinthium 15x, Anacardium orientale 15x, Argentum nitricum 15x, Arsenicum album 15x, Belladonna 15x, Bryonia 15x, Calcarea carbonica 15x, Camphora 15x, Cimicifuga racemosa 15x, Cinchona officinalis 15x, Coffea cruda 15x, Cypridium pubescens 15x, Gelsemium sempervires 15x, Humulus lupulus 15x, Hyoscyamus niger 15x, Ignatia amara 15x, Kali bromatum 15x, Nux vomica 15x, Passiflora incarnata 15x, Pulsatilla 15x, Scutellaria lateriflora 15x, Sepia 15x, Thuja occidentalis 15x, Passiflora incarnata 8x, Valeriana officinalis 8x, Passiflora incarnata 3x, Valeriana officinalis 3x.

**Intestinal Bacteria (R075)**

Formulated for symptoms of bacterial imbalance of the gastrointestinal tract such as diarrhea, dyspepsia, fever, cramping, nausea and vomiting.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Pyrogenium 30x, Arsenicum album 15x, Baptisia tinctoria 15x, Bryonia 15x, Cinchona officinalis 15x, Collinsonia canadensis 15x, Iodium 15x, Iris versicolor 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Natrum carbonicum 15x, Natrum muriaticum 15x, Nux vomica 15x, Phosphorus 15x, Podophyllum peltatum 15x, Pulsatilla 15x, Rhus toxicodendron 15x, Dioscorea villosa 3x, Echinacea 3x, Iris versicolor 3x, Urtica urens 3x.

**Libido (R060)**

Formulated for symptoms associated with libido imbalance, hormonal changes and erectile dysfunction.

**Directions:** Adults, take 6 drops or pellets one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Agnus castus 20x, Aralia quinquefolia 20x, Baryta carbonica 20x, Berberis vulgaris 20x, Bryonia 20x, Caladium seguinum 20x, Cantharis 20x, Causticum 20x, Chelidonium majus 20x, Cinchona officinalis 20x, Conium maculatum 20x, Gaultheria procumbens 20x, Graphites 20x, Kali carbonicum 20x, Lycopodium clavatum 20x, Nux vomica 20x, Onosmodium virginianum 20x, Phosphorus 20x, Sabal serrulata 20x, Selenium metallicum 20x, Sepia 20x, Silicea 20x, Staphysagria 20x, Hydrastis canadensis 8x, Thuja occidentalis 8x, Hydrastis canadensis 3x, Thuja occidentalis 3x.
**Lymphatic Drainer (R073)**

Formulated for lymphatic health and for symptoms such as swollen glands, nodes and sluggish elimination.

**Directions:** Adults take 6 drops or pellets at bedtime or as directed by a healthcare professional.

**Active Ingredients:** Asterias rubens 15x, Aurum metallicum 15x, Belladonna 15x, Benzoicum acidum 15x, Berberis vulgaris 15x, Bryonia 15x, Calcarea carbonica 15x, Cantharis 15x, Ceanothus americanus 15x, Chelidonium majus 15x, Chionanthus virginica 15x, Cinchona officinalis 15x, Dioscorea villosa 15x, Iris versicolor 15x, Natrum carbonicum 15x, Nux vomica 15x, Ptelea trifoliata 15x, Carduus marianus 3x, Echinacea 3x, Solidago virgaurea 3x, Taraxacum officinale 3x.

**Macular Degeneration (R110)**

Adjunctive complex formulated for symptoms of atrophic and neovascular forms of macular degeneration as well as symptoms associated with the macula and retina.

**Directions:** Ages 12 and up, take 6 drops or pellets orally one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Elaps corallinus 30x, Aconitum napellus 15x, Aurum metallicum 15x, Baryta carbonica 15x, Belladonna 15x, Crotalus horridus 15x, Gelsemium sempervirens 15x, Hamamelis virginiana 15x, Lachesis mutus 15x, Mercurius vivus 15x, Phosphorus 15x, Picricum acidum 15x, Plumbum metallicum 15x, Pulsatilla 15x, Rhus toxicodendron 15x, Stramonium 15x, Euphrasia officinalis 3x.

**Menopause (R029)**

Formulated for symptoms associated with menopause such as hot flashes, decreased libido, insomnia, mood swings, discomfort and fatigue.

**Directions:** Adults, take 6 drops or pellets one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Elaps corallinus 35x, Agnus castus 15x, Angelica sinensis radix 15x, Arsenicum album 15x, Bryonia 15x, Cantharis 15x, Caulophyllum thalictroides 15x, Cimicifuga racemosa 15x, Cinchona officinalis 15x, Crotalus horridus 15x, Damiana 15x, Glonoinum 15x, Helonias dioica 15x, Ignatia amara 15x, Kali carbonicum 15x, Lachesis mutus 15x, Naja tripudians 15x, Nux vomica 15x, Phosphorus 15x, Pulsatilla 15x, Salix nigra 15x, Sanguinaria canadensis 15x, Sepia 15x, Echinacea 8x, Valeriana officinalis 8x, Echinacea 3x, Valeriana officinalis 3x.

**Menorrhagia (R061)**

Adjunctive complex formulated for symptoms associated with uterine fibroids, endometriosis, uterine polyps and other uterine and ovarian conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets orally one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Aletris farinosa 15x, Apocynum cannabinum 15x, Cinchona officinalis 15x, Cinnamomum 15x, Conium maculatum 15x, Helonias dioica 15x, Lilium tigrinum 15x, Millefolium 15x, Phosphorus 15x, Secale cornutum 15x, Thlaspi bursa-pastoris 15x, Trillium pendulum 15x, Apis mellifica 3x, Hamamelis virginiana 3x, Hydrastis canadensis 3x.
**Menstrual~PMS (R025)**

Formulated for associated symptoms such as irregularity, cramping, bloating, headache, cravings, emotional upsets and mood swings.

**Directions:** Ages 12 and up, take 6 drops or pellets as needed or as directed by a healthcare professional.

**Active Ingredients:** Angelica sinensis radix 20x, Arsenicum album 20x, Bryonia 20x, Caulophyllum thalictroides 20x, Cimicifuga racemosa 20x, Cinchona officinalis 20x, Dioscorea villosa 20x, Folliculinum 20x, Gelsemium sempervirens 20x, Lachesis mutus 20x, Lilium tigrinum 20x, Lycopodium clavatum 20x, Millefolium 20x, Nux vomica 20x, Pulsatilla 20x, Sabina 20x, Secale cornutum 20x, Sepia 20x, Thlaspi burso-pastoris 20x, Viburnum opulus 20x, Zingiber officinale 20x, Dioscorea villosa 8x, Echinacea 8x, Valeriana officinalis 8x, Dioscorea villosa 3x, Echinacea 3x, Valeriana officinalis 3x.

**Multi-System Support (R125)**

Adjunctive complex formulated for symptoms associated with multi-system conditions such as Valley Fever, Gulf War Syndrome and environmental sensitivity.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Allersodes 15x, Candida albicans 15x, Thyroidinum 15x, Ustilago maidis 15x, Aconitum napellus 10x, Antimonium tartaricum 10x, Aralia quinquefolia 10x, Arnica montana 10x, Arsenicum album 10x, Baptisia tinctoria 10x, Bryonia 10x, Cantharis 10x, Chelidonium majus 10x, Cinchona officinalis 10x, Echinacea 10x, Iodium 10x, Kali carbonicum 10x, Kali iodatum 10x, Lachesis mutus 10x, Lycopodium clavatum 10x, Lycopus virginicus 10x, Natrum muriaticum 10x, Nux vomica 10x, Phosphorus 10x, Phytolacca decandra 10x, Pulsatilla 10x, Rhus toxicodendron 10x, Sabal serrulata 10x.

**Muscle~Tendon (R051)**

Formulated for symptoms associated with tendinitis, carpal tunnel, myasthenia, myalgia, myotonia and other muscle or tendon disorders.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Aconitum napellus 20x, Antimonium tartaricum 20x, Argentum nitricum 20x, Arnica montana 20x, Bryonia 20x, Chamomilla 20x, Coffea cruda 20x, Cypripedium pubescens 20x, Gelsemium sempervirens 20x, Hyoscyamus niger 20x, Hypericum perforatum 20x, Ignatia amara 20x, Kali phosphoricum 20x, Lachesis mutus 20x, Rhus toxicodendron 20x, Ruta graveolens 20x, Sambucus nigra 20x, Strychninum 20x, Theridion 20x, Valeriana officinalis 20x, Passiflora incarnata 8x, Passiflora incarnata 3x, Valeriana officinalis 3x.

**Nervousness~Anxiety (R031)**

Formulated for symptoms associated with generalized anxiety disorder, post-traumatic stress disorder, panic attacks and other related conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional.

**Active Ingredients:** Aconitum napellus 20x, Ambra grisea 20x, Anacardium orientale 20x, Argentum nitricum 20x, Asafoetida 20x, Bryonia 20x, Chamomilla 20x, Cimicifuga racemosa 20x, Coffea cruda 20x, Cyriococcus pubescens 20x, Gelsemium sempervirens 20x, Hyoscyamus niger 20x, Hypericum perforatum 20x, Ignatia amara 20x, Kali phosphoricum 20x, Nux vomica 20x, Sambucus nigra 20x, Sambucus nigra 20x, Strychninum 20x, Theridion 20x, Valeriana officinalis 20x, Passiflora incarnata 8x, Passiflora incarnata 3x, Valeriana officinalis 3x.
**Neuro-Care (RO32)**

Adjunctive complex formulated for symptoms associated with neuralgia, paralysis, neuropathy, Parkinson's disease, nerve trauma and other nervous system disorders.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Aconitum napellus 15x, Argentum nitricum 15x, Arsenicum album 15x, Belladonna 15x, Bryonia 15x, Cinchona officinalis 15x, Gelsemium sempervirens 15x, Hypericum perforatum 15x, Ignatia amara 15x, Kalmania latifolia 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Magnesia phosphorica 15x, Mezereum 15x, Phosphorus 15x, Pulsatilla 15x, Rhus toxicodendron 15x, Stramonium 15x, Strychninum 15x, Verbascum thapsus 15x, Chamomilla 3x, Hypericum perforatum 3x.

**Oral Care~Gingivitis (RO21)**

Formulated for symptoms associated with periodontal conditions such as mouth ulcerations, gingivitis, halitosis, teeth pain and gum sensitivity.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Aconitum napellus 20x, Arnica montana 20x, Arsenicum album 20x, Baptisia tinctoria 20x, Belladonna 20x, Bryonia 20x, Calendula officinalis 20x, Chamomilla 20x, Chelidonium majus 20x, Crota/us horridus 20x, Gelsemium sempervirens 20x, Hepar sulphuris calcareum 20x, Kreosotum 20x, Mercurius vivus 20x, Myrrha 20x, Nux vomica 20x, Phosphorus 20x, Phytolacca decandra 20x, Plantago major 20x, Rhus toxicodendron 20x, Silicea 20x, Staphysagria 20x, Chamomilla 8x, Echinacea 8x, Chamomilla 3x, Echinacea 3x.

**Panic Ease (R217)**

Formulated for symptoms associated with emotional conditions such as panic attacks, mania, shock, hysteria, delirium and extreme fear or anxiety.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional.

**Parasites (RO42)**

Formulated for associated symptoms such as bloating, fatigue, itching, nausea, teeth grinding, increased appetite and intestinal dysfunction.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water. **Warning:** For severe parasitic infestation or prolonged symptoms, consult a licensed healthcare professional.

**Active Ingredients:** Abrotanum 20x, Aesculus hippocastanum 20x, Allium sativum 20x, Arsenicum album 20x, Artemisia vulgaris 20x, Baptisia tinctoria 20x, Cina 20x, Cuprum metallicum 20x, Filip mas 20x, Granatum 20x, Ipecacuana 20x, Lachesis mutus 20x, Lycopodium clavatum 20x, Mercurius vivus 20x, Naphthalinum 20x, Natrum muriaticum 20x, Nux vomica 20x, Pulsatilla 20x, Ratanhia 20x, Sabadilla 20x, Santoninum 20x, Silicea 20x, Spigelia anthelmia 20x, Terebinthina 20x, Teucrium marum 20x, Thymolium 20x, Zingiber officinale 20x, Juglans regia 8x, Juglans regia 3x.

800.448.7256
Poison Ivy (R039)

Formulated for symptoms associated with poison ivy, oak and sumac such as itching, burning, pain, swelling and blistering.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Xerophyllum asphodeloides 30x, Aconitum napellus 15x, Anacardium orientale 15x, Apis mellifica 15x, Bryonia 15x, Cantharis 15x, Croton tiglium 15x, Graphites 15x, Grindelia 15x, Mezereum 15x, Nux vomica 15x, Ranunculus bulbosus 15x, Rhus toxicodendron 15x, Sarsaparilla 15x, Sulphur 15x, Echinacea 3x, Rumex crispus 3x, Taraxacum officinale 3x, Urtica urens 3x.

Pollen~Weeds (R086)

Formulated for associated symptoms of Spring and early Summer pollens such as nasal catarrh, post-nasal drip, sneezing, glandular swellings and pharyngitis.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Xerophyllum asphodeloides 35x, Adrenalinum 20x, Alfalfa 20x, Allersodes 20x, Histaminum hydrochloricum 20x, Juniperus virginiana 20x, Populus candicans 20x, Thyroidinum 20x, Trifolium pratense 20x, Ustilago maidis 20x, Allium cepa 15x, Antimonium tartaricum 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Berberis vulgaris 15x, Bryonia 15x, Chelidonium majus 15x, Euphrasia officinalis 15x, Gelsemium sempervirens 15x, Calendula officinalis 15x, Calendula officinalis 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Pulsatilla 15x, Sabadilla 15x, Dioscorea villosa 8x, Ginkgo biloba 8x, Hydrastis canadensis 8x, Taraxacum officinale 8x, Dioscorea villosa 3x, Ginkgo biloba 3x, Hydrastis canadensis 3x, Taraxacum officinale 3x.

Prime of Life (R212)

Formulated for symptoms associated with cognitive impairment, muscular atrophy, arthritis, impotence and other aging-related, degenerative conditions.

**Directions:** Adults, take 6 drops or pellets one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Agnus castus 15x, Allium sativum 15x, Ambra grisea 15x, Angelica sinensis radix 15x, Aralia quinquefolia 15x, Arnica montana 15x, Arsenicum album 15x, Avena sativa 15x, Baptisia tinctoria 15x, Baryta carbonica 15x, Bryonia 15x, Cantharis 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Nux vomica 15x, Phosphoricum acidum 15x, Pulsatilla 15x, Ruta graveolens 15x, Sabal serrulata 15x, Selenium metallicum 15x, Zincum metallicum 15x, Ginkgo biloba 8x, Ruta graveolens 8x, Ginkgo biloba 3x, Ruta graveolens 3x.

Prostate (R033)

Formulated for symptoms associated with erectile dysfunction, benign prostatic hypertrophy, prostatitis, dysuria and other prostate-related conditions.

**Directions:** Adults, take 6 drops or pellets orally one to four times daily or as directed by a healthcare professional.

**Active Ingredients:** Thyroidinum 15x, Baryta carbonica 10x, Berberis vulgaris 10x, Bryonia 10x, Calcarea carbonica 10x, Cinchona officinalis 10x, Conium maculatum 10x, Digitalis purpurea 10x, Ferrum picricum 10x, Hydrastis canadensis 10x, iodium 10x, Lycopodium clavatum 10x, Nux vomica 10x, Pareira brava 10x, Pulsatilla 10x, Sabal serrulata 10x, Selenium metallicum 10x, Staphysagria 10x, Thuja occidentalis 10x, Trifolium pratense 10x, Echinacea 3x, Hydrastis canadensis 3x, Lappa major 3x, Solidago virgaurea 3x.
**Restless Leg (R117)**

Formulated for symptoms associated with Restless Leg Syndrome, Parkinson's, neuroleptic-induced akathisia and other related conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Mygale 15x, Agaricus muscarius 10x, Causticum 10x, Cinchona officinalis 10x, Conium maculatum 10x, Cuprum metallicum 10x, Gelsemium sempervirens 10x, Hyoscyamus niger 10x, Hypericum perforatum 10x, Kali carbonicum 10x, Magnesia carbonica 10x, Mercurius vivus 10x, Nux vomica 10x, Plumbum metallicum 10x, Rhus toxicodendron 10x, Secale cornutum 10x, Strychninum 10x, Tarentula hispana 10x, Valeriana officinalis 10x, Verbascum thapsus 10x, Zincum metallicum 10x, Chamomilla 3x, Passiflora incarnata 3x, Valeriana officinalis 3x.

**Sciatica~Back Care (R041)**

Formulated for associated symptoms such as inflammation, sharp or throbbing pain, paresthesia and discomfort.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional.

**Active Ingredients:** Aconitum napellus 20x, Ammonium benzoicum 20x, Arsenicum album 20x, Benzoicum acidum 20x, Bryonia 20x, Causticum 20x, Cinchona officinalis 20x, Colchicum autumnale 20x, Gnapholium polyccephalum 20x, Iris versicolor 20x, Kali iodatum 20x, Ledum palustre 20x, Lithium carbonicum 20x, Nux vomica 20x, Phytolacca decandra 20x, Rhus toxicodendron 20x, Ruta graveolens 20x, Sambucus nigra 20x, Strychninum 20x, Hypericum perforatum 8x, Urtica urens 8x, Hypericum perforatum 3x, Urtica urens 3x.

**Sinusitis (R010)**

Formulated for symptoms of acute or chronic sinusitis associated with allergies and bacterial or fungal infections.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Arsenicum iodatum 15x, Bryonia 15x, Cistus canadensis 15x, Hepar sulphuris calcareum 15x, Histaminum hydrochloricum 15x, Hydrastis canadensis 15x, iodium 15x, Kali bichromicum 15x, Kali iodatum 15x, Mercurius iodatus ruber 15x, Mercurius vivus 15x, Nux vomica 15x, Phosphorus 15x, Pulsatilla 15x, Sabadilla 15x, Sticta pulmonaria 15x, Verbascum thapsus 15x, Echinacea 3x, Hydrastis canadensis 3x.

**Throat Care (R026)**

Formulated for symptoms associated with tonsillitis, laryngitis, pharyngitis, bacterial/viral infections and other related throat conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Aconitum napellus 15x, Apis mellifica 15x, Arum dracontium 15x, Belladonna 15x, Bryonia 15x, Cajuiputum 15x, Ferrum phosphoricum 15x, Glycyrrhiza glabra 15x, Kali bichromicum 15x, Lachesis mutus 15x, Mentha piperita 15x, Mercurius vivus 15x, Naja tripudians 15x, Natrum carbonicum 15x, Natrum sulphuricum 15x, Nitricum acidum 15x, Nux vomica 15x, Phosphorus 15x, Phytolacca decandra 15x, Pulsatilla 15x, Spongia tosta 15x, Stannum metallicum 15x, Sticta pulmonaria 15x, Thuja occidentalis 15x, Ulmus fulva 15x, Verbascum thapsus 15x, Echinacea 3x.
Thyroid Assist (R104)

Formulated for symptoms associated with Grave's disease, hyperthyroidism, Hashimoto's disease, hypothyroidism and other thyroid-related conditions.

Directions: Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

Active Ingredients: Adrenalinum 20x, Thyroidinum 20x, Aloe socotrina 15x, Calcarea carbonica 15x, Chelidonium majus 15x, Conium maculatum 15x, Graphites 15x, Iodium 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Lycopus virginicus 15x, Phytolacca decandra 15x, Rhus toxicodendron 15x, Silicea 15x, Spongia tosta 15x, Echinacea 8x, Echinacea 3x.

Tinnitus (R103)

Formulated for associated symptoms such as ringing, buzzing, echoing, pressure, pain, throbbing and sensitivity to noise.

Directions: Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional.

Active Ingredients: Aconitum napellus 15x, Baryta carbonica 15x, Baryta muriatica 15x, Capsicum annuum 15x, Causticum 15x, Cheiranthis anthelminticum 15x, Chininum sulphuricum 15x, Cinchona officinalis 15x, Croton tiglium 15x, Hydrastis canadensis 15x, Kali bichromicum 15x, Kali muriaticum 15x, Lycopodium clavatum 15x, Muriatica 15x, Pulsatilla 15x, Salicylicum acidum 15x, Tabacum 15x, Thiosinaminum 15x, Viola odorata 15x, Hydrastis canadensis 8x, Hydrastis canadensis 3x.

Tobacco Withdrawal (R070)

Formulated for symptoms associated with tobacco use such as anxiety, cravings, irritability, tremors, stress, dyspnea, cough, excess mucus and headaches.

Directions: Adults, take 6 drops or pellets orally as needed or as directed by a healthcare professional.

Active Ingredients: Arsenicum album 15x, Benzoicum acidum 15x, Berberis vulgaris 15x, Bryonia 15x, Caladium seguinum 15x, Cantharis 15x, Ceanothus americanus 15x, Chelidonium majus 15x, Chionanthus virginica 15x, Cinchona officinalis 15x, Daphne indica 15x, Ignatia amara 15x, Iris versicolor 15x, Lycopodium clavatum 15x, Nicotinum 15x, Nux vomica 15x, Rhus toxicodendron 15x, Scutellaria lateriflora 15x, Tabacum 15x, Echinacea 3x, Taraxacum officinale 3x, Valeriana officinalis 3x.

Urticaria~Rashes (R065)

Formulated for symptoms associated with hives and other allergic skin responses such as burning, itching, redness, swelling and discomfort.

Directions: Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

Active Ingredients: Antimonium crudum 15x, Apis mellifica 15x, Arsenicum album 15x, Berberis vulgaris 15x, Bovista 15x, Bryonia 15x, Cantharis 15x, Chelidonium majus 15x, Croton tiglium 15x, Dulcamara 15x, Graphites 15x, Histaminum hydrochloricum 15x, Lycopodium clavatum 15x, Mezereum 15x, Nux vomica 15x, Petroleum 15x, Pulex irritans 15x, Pulsatilla 15x, Rhus toxicodendron 15x, Sarsaparilla 15x, Sulphur 15x, Echinacea 3x, Rumex crispus 3x, Taraxacum officinale 3x, Urtica urens 3x.
Vaccination~Illness Assist (R046)

Formulated for vaccine preparation and for vaccination and viral-related symptoms such as headache, site pain, irritability and other adverse reactions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Influenzinum 35x, Morbillinum 35x, Pertussinum 35x, Aconitum napellus 15x, Alumina 15x, Antimonials tartaricum 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Belladonna 15x, Bryonia 15x, Cinchona officinalis 15x, Crotalus horridus 15x, Gelsemium sempervirens 15x, Kali bichromicum 15x, Lachesis mutus 15x, Ledum palustre 15x, Mercurius vivus 15x, Mezereum 15x, Nux vomica 15x, Phosphorus 15x, Pulsatilla 15x, Rhus toxicodendron 15x, Silicea 15x, Sulphur 15x, Thuja occidentalis 15x, Vaccinium myrtillus 15x,Apis mellifica 8x, Echinacea 8x, Hypericum perforatum 8x, Apis mellifica 3x, Echinacea 3x, Hypericum perforatum 3x.

Vaginitis~Fem inine Care (R044)

Formulated for symptoms associated with vaginitis, leucorrhea, dyspareunia and other female-related conditions.

**Directions:** Ages 12 and up, take 6 drops or pellets (ages 6 to 11, give 3 drops or pellets) as needed or as directed by a healthcare professional.

**Active Ingredients:** Agaricus muscarius 20x, Arsenicum album 20x, Aurum metallicum 20x, Berberis aquifolium 20x, Caladium seguinum 20x, Candida albicans 20x, Cantharis 20x, Conium maculatum 20x, Graphites 20x, Helonias dioica 20x, Hydrastis canadensis 20x, Kali carbonica 20x, Kreosotum 20x, Lycopodium clavatum 20x, Mercurius vivus 20x, Murex purpurea 20x, Natrum muriaticum 20x, Nitricum acidum 20x, Pulsatilla 20x, Rhus toxicodendron 20x, Sepia 20x, Sulphur 20x, Tarentula hispana 20x, Thuja occidentalis 20x, Zincum metallicum 20x, Apis mellifica 8x, Hamamelis virginiana 8x, Hydrastis canadensis 8x, Apis mellifica 3x, Hamamelis virginiana 3x, Hydrastis canadensis 3x.

Varicose Veins~Phlebitis (R037)

Adjunctive complex formulated for symptoms associated with varicose veins, phlebitis, ecchymosis, spider veins and other vascular-related conditions.

**Directions:** Adults, take 6 drops or pellets one to four times daily or as directed by your health professional.

**Active Ingredients:** Elaps corallinus 35x, Crotalus horridus 20x, Bryonia 15x, Calcarea fluorica 15x, Carduus marianus 15x, Cholesterinum 15x, Cinchona officinalis 15x, Digitalis purpurea 15x, Hamamelis virginiana 15x, Hydrofluoricum acidum 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Naja tripudians 15x, Pulsatilla 15x, Vipera berus 15x, Zincum metallicum 15x, Aesculus hippocastanum 8x, Echinacea 8x, Hamamelis virginiana 8x, Aesculus hippocastanum 3x, Echinacea 3x, Hamamelis virginiana 3x.

Viral Infection (R078)

Formulated for symptoms associated with mumps, tuberculosis, whooping cough, influenza, measles and other viral infections.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Influenzinum 30x, Morbillinum 30x, Aconitum napellus 15x, Antimonials tartaricum 15x, Arnica montana 15x, Arsenicum album 15x, Baptisia tinctoria 15x, Belladonna 15x, Bryonia 15x, Cantharis 15x, Chamomilla 15x, Glauberia procumbens 15x, Hepar sulphuris calcarea 15x, Iodium 15x, Lachesis mutus 15x, Lycopodium clavatum 15x, Mercurius vivus 15x, Phosphorus 15x, Pulsatilla 15x, Rhus toxicodendron 15x, Trifolium pratense 15x, Echinacea 3x, Hydrastis canadensis 3x.
**Warts~Moles~Skin Tags (R067)**

Formulated for various types of skin conditions such as warts (including genital), moles, keloids, molluscum and skin tags.

**Directions:** Ages 12 and up, take 6 drops or pellets orally (ages 0 to 11, give 3 drops or pellets) one to four times daily or as directed by a healthcare professional. Under age 2, crush or dissolve pellets in purified water.

**Active Ingredients:** Antimonium crudum 20x, Bryonia 20x, Calcarea carbonica 20x, Causticum 20x, Dulcamara 20x, Graphites 20x, Lycopodium clavatum 20x, Mercurius sulphuratus ruber 20x, Natrum carbonicum 20x, Nitricum acidum 20x, Nux vomica 20x, Rhus toxicodendron 20x, Sabia 20x, Sepia 20x, Silicea 20x, Staphysagria 20x, Sulphur 20x, Thuja occidentalis 20x, Taraxacum officinale 8x, Thuja occidentalis 8x, Taraxacum officinale 3x, Thuja occidentalis 3x.

Liquid complexes contain USP purified water and USP gluten-free, non-GMO, organic cane alcohol. Pellet complexes are gluten-free, non-GMO, beet-derived sucrose. Not all complexes are manufactured in liquids and pellets. Check the current order form or website information for current availability.

Prefer a spray delivery? Spray tops are available for a minimal charge and fit both one- and two-ounce bottles. Plastic droppers for one-ounce bottle are also available.
Helpful Hints & Tips For Your Clients

Detox daily!
A daily dose of NEWTON’s PRO Drainer focuses on the liver and excretory systems. A “clean” body will maximize the effectiveness of other remedies, supplements and vitamins.

Wait for it!
Have clients wait 15 minutes between taking homeopathy and eating, drinking or taking drugs, supplements or other natural remedies. This gives the homeopathic remedy time to reach its maximum effectiveness without interference.

Drop it in!
Liquid remedies should be placed directly in the mouth or dropped into a small amount of water. As the remedy contacts the mucous membranes of the mouth, it is absorbed into the body.

Cross it over!
In addition to the PRO line, NEWTON manufactures OTC complexes specifically for Adults, Kids and Pets. A condition may arise for which there is no prepared PRO complex or no prepared PRO pellet version. All products manufactured by NEWTON may safely be used for adults, children or pets; adjust the dosage according to directions. If an infant is experiencing eczema, use the OTC Eczema~Skin Care or higher-potency PRO Eczema~Skin Care with a child’s dosage. If your client needs PRO Influenza in pellet form, you may use the lower-potency OTC Flu Care pellets instead.

Mix it up!
If an alcohol-free remedy is preferred, have clients place the drops of homeopathy in a small amount of warm water and let stand for 10 minutes to allow the alcohol to evaporate prior to dosing. The FDA mandates that liquid homeopathics contain a preservative; NEWTON’s choice of preservative is USP gluten-free, non-GMO, organic cane alcohol. NEWTON’s gluten-free, non-GMO, beet-derived sucrose pellets are another alcohol-free alternative.

Don’t touch!
Pellet remedies should be taken without being touched. The outermost layer of the pellet contains the active ingredients. Warmth from the human hand and oils from the skin may absorb and remove some of the remedy on contact. Dispense into the bottle cap or a spoon and then pour into the mouth.

Keep it safe!
NEWTON’s amber glass containers (an inert material) protect the homeopathics from light exposure and prevent any interaction with the homeopathics.
Frequently Asked Questions

Is homeopathy safe?
Yes. The active substances in homeopathic remedies occur in highly-dilute amounts. There are sequences of dilution and then succussion (vigorous shaking) which are believed to activate the healing properties of these ingredients. The diluted substances are considered non-toxic with no known side effects, making them safe for everyone (infants, children, pregnant women, nursing mothers, adults, seniors and pets). Homeopathy is regulated by the U.S. Food and Drug Administration (FDA) and has been recognized since 1938 in the Federal Food, Drug and Cosmetic Act. NEWTON homeopathics are tested by an independent FDA-registered laboratory according to standards set by the Homeopathic Pharmacopeia of the United States.

Are there side effects?
No. There are no known side effects associated with homeopathic remedies.

Can homeopathic remedies be taken along with pharmaceutical medications or other natural supplements?
Yes. It is safe to take homeopathy while taking other drugs, herbs or supplements. There are no known drug-to-drug interactions or contraindications. Homeopathy will not interfere or interact with pharmaceutical drugs or natural remedies. NEWTON suggests waiting 15 minutes before or after consumption of food, drink, medications or supplements before administering any homeopathic remedy. An empty stomach is not necessary; homeopathy is absorbed directly through the mucous membranes of the mouth. This 15-minute window simply gives the homeopathy time to reach its maximum effectiveness without interference.

How are homeopathic remedies sold?
Homeopathic remedies come in various forms and modes of delivery. A single remedy consists of one homeopathic remedy; a complex or combination remedy is a mixture of two or more single remedies. The most common modes of delivery are liquid and pellet. Pellets are small sugar balls that have been saturated with the liquid remedy. Liquid remedies are diluted in water and are required to contain a preservative. NEWTON liquid remedies contain purified water and certified gluten-free, non-GMO, organic cane alcohol as its preservative. NEWTON pellets are 100% gluten-free, non-GMO, beet-derived sucrose. NEWTON does not package in plastic (excluding large-size veterinarian products) knowing that glass is inert and as such will not interact with the homeopathy.

Is it safe to take homeopathic remedies for extended periods of time?
Yes. Homeopathy does not accumulate or “build up” in the body. It is virtually impossible to “overdose” on homeopathic remedies. For chronic conditions that require daily administration, the same remedy can be taken for as long as the condition remains. There is no need to discontinue a homeopathic regimen unless the condition has changed and a new homeopathic remedy is needed.

How long does it take for homeopathy to work?
This depends on each individual situation. A person with a simple, yet acute condition such as an itchy bug bite may get immediate relief with the correct homeopathic remedy. However, a person with a long-standing complex condition such as Chronic Fatigue Syndrome may not see the therapeutic benefits of homeopathy for several weeks or even months. Many factors must be taken into consideration including diet, lifestyle and medical history.
Frequently Asked Questions (continued)

Liquid or pellets? What is the difference?
This is a matter of personal preference. There is no difference in effectiveness. Some prefer pellets because of the sugary taste or require an alcohol-free remedy. Others prefer liquids due to its ease of use. NEWTON liquid remedies contain certified gluten-free, non-GMO, organic cane alcohol. NEWTON pellets are 100% gluten-free, non-GMO, beet-derived sucrose. Pellets should not be touched with fingers or hands. The warmth and moisture of the skin may absorb and remove some of the active ingredients from the pellet. Pour pellets into the bottle cap and then pour directly into the mouth.

Can homeopathy be taken with food, drink, peppermint, etc?
Historically, it has been recommended that one should refrain from consuming foods that contain strong aromatics or stimulants such as coffee and peppermint. NEWTON has found that the “15-Minute Rule” is a sufficient window between taking homeopathy and consuming food or drink. Simply take the remedies 15 minutes before or after eating, drinking or brushing teeth. Homeopathy may also be mixed with a small amount of clean, preferably filtered, water.

Is homeopathy affected by extreme temperatures?
According to HPUS (Homeopathic Pharmacopeia of the United States), due to documented heat sensitivity of homeopathic preparations, remedies should not be exposed to temperatures greater than 121ºC (249.8ºF). Refrigerating or freezing homeopathic remedies is not recommended. The best method for storage is to keep containers tightly sealed and out of extreme heat or direct sunlight.

Why are homeopathic ingredients listed in Latin?
Homeopathic ingredients are written in Latin because homeopaths require precision and accuracy in identifying and describing the source of the plant, mineral or animal species of a particular remedy. Often there is more than one common name associated with a substance so the Latin name is used to assure correct identification. Go to the Latin~Common Name document located in the Education section at www.newtonlabs.net for a comprehensive list of single remedies and their common names.

Are NEWTON remedies gluten-free and safe for individuals with sensitivities?
Yes. NEWTON liquid remedies contain certified gluten-free, non-GMO, organic cane alcohol. NEWTON pellets are 100% gluten-free, non-GMO, beet-derived sucrose. NEWTON remedies are made from high-quality organic or wild-grown herbs and medicinal substances.

Is the alcohol in the liquid remedies safe for kids and pets?
Yes. NEWTON follows the guidelines set by HPUS (Homeopathic Pharmacopeia of the United States) for preserving homeopathic preparations. For those concerned with the alcohol content, a child or small pet dose of 3 drops once a day delivers 0.001 ounces of alcohol. THIS IS EXTREMELY LOW. One six-ounce glass of wine delivers 660 times the amount of alcohol as a 3-drop dose of NEWTON complex. If there are still concerns, the dose may be placed in a small amount (approx. 1 tbsp.) of warm water, and the alcohol will evaporate within 10 minutes. NEWTON pellets do not contain alcohol and are offered as an alcohol-free alternative. Although pellets are not available in the OTC Pets line and some PRO complexes, related complexes in the Adult and Kids line may be used.
**Do larger individuals need to take more than the standard NEWTON adult dose of 6 drops?**

No. Homeopathy is not dispensed according to weight or size in humans. A NEWTON standard adult dose is 6 drops or pellets. A standard child’s dose is 3 drops or pellets. Other manufacturers’ standard dosages are often more than double the NEWTON dosage. Animal dosage is based on weight due to the fact that there is so much variance in size between breeds and species. For instance, a small bird may weigh mere ounces, while a large horse may exceed a ton.

**What if a pet chews on the glass dropper or is uncooperative?**

Since dosing animals can be challenging, the appropriate dosage amount can be added to its drinking water. If the animal exhibits a sensitivity to the smell of alcohol, add the appropriate dosage amount to a small amount of warm water to allow the alcohol to evaporate prior to adding to its drinking water. NEWTON also provides plastic droppers or plastic spray tops for a minimal charge by request. Metal water bowls or spoons may interfere with the effectiveness of the homeopathic remedy.

**Can homeopathy be taken to prevent illness, such as flu or measles?**

Historically homeopathy has been used as a preventative even though no clinical trials have substantiated its use as a prophylactic. The National Center for Homeopathy offers the following information on their website: “Homeopathic treatment is ideal to optimize the body's natural defenses against microbes. With the appropriate homeopathic treatment, people recover from infectious diseases, even the most serious ones, gently and rapidly. During past great epidemics such as diphtheria, scarlet fever, typhoid, cholera, yellow fever, malaria, etc., homeopathy decreased mortality by 10 to 30 times versus conventional medicine. During the infamous Spanish flu epidemic of 1918-19, it has been estimated that 25 to 50 million people died worldwide. In the United States alone, 550,000 died, approximately 10% of the people afflicted with the flu. Homeopathic physicians documented that more than 62,000 patients treated with homeopathy resulted in a mortality of 0.7%. For people who were sick enough to be hospitalized, conventional medicine had a mortality of 30% while with 27,000 documented hospitalized cases, homeopathy was reporting a mortality of 1.05%.” *(Journal of the American Institute of Homeopathy 1921; 13:1028-43)*

**Educate Yourself and Others**

Visit www.newtonlabs.net

Increase your homeopathic knowledge through education and understanding. For more detailed information visit www.newtonlabs.net to discover why each individual single remedy has been combined with other single remedies to produce a powerful NEWTON PRO formulation.

Liquids contain USP purified water and USP gluten-free, non-GMO, organic cane alcohol. Pellets are gluten-free, non-GMO, beet-derived sucrose.
**Single Remedy (SR) Homeopathy**

**Top Sellers - Over-The-Counter (OTC)**

Each homeopathic single remedy has one active ingredient, commonly referred to by its Latin name and sourced from plants, animals or minerals.

Although **NEWTON** specializes in, and is best known for its extensive selection of complexes, **NEWTON** also manufactures the most popular single remedies in a variety of potencies and packaging. In addition to OTC single remedies used by both consumers and healthcare professionals, **NEWTON** also offers single remedies available only to healthcare professionals including a selection of allersodes, isodes, nosodes and sarcodes. Please call customer service for a comprehensive list of OTC and/or PRO single remedies available to healthcare professionals.

You can also find which **NEWTON** complexes contain a particular single remedy by entering the remedy in the search box at www.newtonlabs.net. For a more comprehensive and supportive approach, consider utilizing a complex for your particular healthcare need.

**NEWTON**’s Top Sellers are available at potency and packaging listed below.

Single Remedy Homeopathy

Draining Remedies

A single draining remedy can be prescribed one at a time, or a complex of liver remedies can be prescribed instead. We believe that a complex is the preferred method, especially in chronic conditions. A complex is preferred because the liver has many functions and different remedies relate to these different functions. A drainage complex can be made even more effective when liver draining remedies are combined with kidney drainers. If a client is environmentally sensitive, consider using the lower potency OTC NEWTON Detoxifier for a period of time before using the NEWTON PRO Drainer to decrease the potential for a healing aggravation.

Newton has promoted the following “draining” remedies for over 30 years.

Liver: Bryonia, Chelidonium majus, Dolichos pruriens, Ptelea trifoliata, Carduus marianus, Chionanthus virginica, Iris versicolor, Taraxacum officinale, Solidago virgaurea
Kidneys: Berberis vulgaris, Solidago virgaurea, Cantharis

French homeopaths use “drainers” regularly for other organs as well.

Spleen: Ceanothus americanus
Skin: Fumaria officinalis, Saponaria officinalis, Sulphur iodatum
Blood: Pulsatilla

Polychrests

A polychrest is a remedy whose provings and clinical applications indicate that it has many uses, covering a wide variety of mental, emotional and physical symptomatology.

Well-known Polychrests: Arsenicum album, Bryonia, Lachesis mutus, Natrum muriaticum, Nux vomica, Phosphorus, Rhus toxicodendron, Sulphur

Cell Salts

In the 19th century, Wilhelm Schüssler identified 12 minerals that he believed to be vital to human health. When these are lacking, they can be taken in the form of homeopathically-prepared tissue salts. NEWTON PRO Cell Salts contains these 12 homeopathically-prepared tissue salts believed to be vital to cell health. NEWTON PRO Cell Salts is available in 15x potency. If a lower potency is desired, the same complex is manufactured in 10x potency in the OTC line.

Cell Salts remedies are: Calcarea fluorica, Calcarea phosphorica, Calcarea sulphurica, Ferrum phosphoricum, Kali muriaticum, Kali phosphoricum, Kali sulphuricum, Magnesia phosphorica, Natrum muriaticum, Natrum phosphoricum, Natrum sulphuricum, Silicea
Categories of NEWTON PRO Complexes

In order to facilitate the choice of the appropriate NEWTON PRO complex for a given condition, the following categories can be used for quick reference. The complexes are grouped according to the nature of the condition (i.e. Allergies, First Aid) or the organ or body system that is involved (i.e. Gastrointestinal, Respiratory System).

NEWTON PRO complexes are listed alphabetically beginning on page 18.

*Certain NEWTON PRO formulations are adjunctive complex, meaning that they should be utilized as an adjunct with other healing modalities.
